Disclosure List the states with which a copy of this Form 990 is required to be filed > MESection 6104 requires an organization to make its Forms 1023 (1024 or 1024-A, if applicable), 990, and 990-T (Section 501(c)(3)s only) available for public inspection. Indicate how you made these available. Check all that apply X Another's website X Upon request Own website Other (explain on Schedule O) Describe on Schedule O whether (and if so, how) the organization made its governing documents, conflict of interest policy, and financial statements available to 19 the public during the tax year. See Schedule O State the name, address, and telephone number of the person who possesses the organization's books and records Doyle 43 Whiting Hill Road Brewer ME 04412 (207)

Form 990 (2021) MRH Corp 84-3689003

Part VII Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Check if Schedule O contains a response or note to any line in this Part VII.....

Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

- 1 a Complete this table for all persons required to be listed. Report compensation for the calendar year ending with or within the organization's tax year.
- List all of the organization's **current** officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation. Enter -0- in columns (D), (E), and (F) if no compensation was paid.
 - List all of the organization's current key employees, if any. See the instructions for definition of 'key employee.'
- List the organization's five **current** highest compensated employees (other than an officer, director, trustee, or key employee) who received reportable compensation (box 5 of Form W-2, Form 1099-MISC, and/or box 1 of Form 1099-NEC) of more than \$100,000 from the organization and any related organizations.
- List all of the organization's **former** officers, key employees, and highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations.
- List all of the organization's **former directors or trustees** that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations.

See the instructions for the order in which to list the persons above.

Check this box if neither the organization nor any related organization compensated any current officer, director, or trustee.

Section A. All Supporting Organizations

			Yes	No			
1	Are all of the organization's supported organizations listed by name in the organization's governing documents? If 'No,' describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.	1					
2	Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If 'Yes,' explain in Part VI how the organization determined that the supported organization was						
32	described in section 509(a)(1) or (2). Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If 'Yes,' answer lines 3b	2					
	and 3c below.	3a					
b	Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If 'Yes,' describe in Part VI when and how the organization made the determination.	3b					
С	Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If 'Yes,' explain in Part VI what controls the organization put in place to ensure such use.	3c					
4a	Was any supported organization not organized in the United States ('foreign supported organization')? If 'Yes' and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.	4 a					
b	Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If 'Yes,' describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.	4b					
С	Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If 'Yes,' explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.	4c					
5a	a Did the organization add, substitute, or remove any supported organizations during the tax year? If 'Yes,' answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI , including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was						
h	accomplished (such as by amendment to the organizing document). Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the						
	organization¹s organizing document?	5b					
С	Substitutions only. Was the substitution the result of an event beyond the organization's control?	5c					
6	Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If 'Yes,' provide detail in Part VI.</i>	6					
7	Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If 'Yes,' complete Part I of Schedule L (Form 990).	7					
8	Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? If 'Yes,' complete Part I of Schedule L (Form 990).	8					
9a	Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))?						
b	If 'Yes,' provide detail in Part VI . Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the	9a					
c	supporting organization had an interest? If 'Yes,' provide detail in Part VI. Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from,	9b					
	assets in which the supporting organization also had an interest? If 'Yes,' provide detail in Part VI. Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding	9с					
ıva	certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If 'Yes,' answer line 10b below.	10a					
b	Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)	10b					

11. Has the organization accepted a gift or contribution from any of the following persons? a A person who directly in ridinately controls, either alone or together with persons described on lines 11h and 11c below, the governing body of a supported organization. b A family member of a person described on line 11a above? c A 35% carolite miting of a person described on line 11a above? c A 35% carolite miting of a person described on line 11a above? c A 35% carolite miting of a person described on line 10 above? c A 35% carolite miting of a person described on line 10 above? 1 Did the governing body, members of the giverning body, officers acting in their official capacity, or membership of or or more supported organizations have the power to require y appoint or erical at least a majority of the organization of granizations have the power to requirely appoint or erical at least a majority of the organization of organizations have the power or fore supported organizations (s) effectively operated, supervised, or controlled the approaches in Part VI how the supported organizations (s) effectively operated, supervised, or controlled the approaches of the supported organizations or restrictions, if any, applied to such powers during the tax year. 2 Did the organization provide organizations and what conditions or restrictions, if any, applied to such powers during the tax year. 3 Like a majority of the organization supported organizations of the supported organization (s) that operated, supervised, or controlled the supported organization of the supporting Organizations. 1 Were a majority of the organization is irrections or husbes during the tax year also a majority of the directors or husbes of each of the organization was vested in the same persons that controlled or managed the supported organization (s). 1 Were any officer, and the same persons that controlled or managed the supported organization (s). 2 Were any of the organization supported organizations by the organization shape of the organizat	Part	t IV	Supporting Organizations (continued)

Part X - FASB ASC 740 Footnote

Income Taxes

Northern Light Health, its hospitals, and certain other affiliates have been determined by the Internal Revenue Service to be tax-exempt charitable organizations as described in Section 501(c)(3) or 501(c)(2) of the Internal Revenue Code (the Code) and, accordingly, are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for federal

income taxes has been recorded in the accompanying consolidated financial statements

Schedule D (Form 990) 2021

BAA

Part XIII | Supplemental Information (continued)

Part X - FASB ASC 740 Footnote (continued)

for these organizations.

Tax-exempt charitable organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the FASB, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. Northern Light Health has evaluated its tax position taken or expected to be taken on income tax returns and concluded the impact to be not material.

Certain of Northern Light Health's affiliates are taxable entities. Deferred taxes related to these entities are based on the difference between the financial statement and tax basis of assets and liabilities using enacted tax rates in effect in the years the differences are expected to reverse. The deferred tax assets and liabilities for these entities are not material.

Part V Facility Information (continued)

Section B. Facility Policies and Practices

(complete a separate Section B for each of the hospital facilities or facility reporting groups listed in Part V, Section A)

Name of hospital facility or letter of facility reporting group Northern Light Mayo Hospital

Line number of hospital facility, or line numbers of hospital	
facilities in a facility reporting group (from Part V, Section A):	1

			Yes	No
Co	mmunity Health Needs Assessment			
1	Was the hospital facility first licensed, registered, or similarly recognized by a state as a hospital facility in the current tax year or the immediately preceding tax year?	1		Х
2	Was the hospital facility acquired or placed into service as a tax-exempt hospital in the current tax year or the immediately preceding tax year? If 'Yes,' provide details of the acquisition in Section C	2		Х
3	During the tax year or either of the two immediately preceding tax years, did the hospital facility conduct a community health needs assessment (CHNA)? If 'No,' skip to line 12	3	Х	
	If 'Yes,' indicate what the CHNA report describes (check all that apply):			
	a \overline{X} A definition of the community served by the hospital facility			
	b X Demographics of the community			
	c 🗵 Existing health care facilities and resources within the community that are available to respond to the health needs of the community			
	d X How data was obtained			
	e X The significant health needs of the community			
	f X Primary and chronic disease needs and other health issues of uninsured persons, low-income persons, and minority groups			
	g X The process for identifying and prioritizing community health needs and services to meet the community health needs			
	h X The process for consulting with persons representing the community's interests			
	i The impact of any actions taken to address the significant health needs identified in the hospital facility's prior CHNA(s)			
	j Other (describe in Section C)			
4	<u></u>			
5	served by the hospital facility, including those with special knowledge of or expertise in public health? If 'Yes,' describe in Section C how the hospital facility took into account input from persons who represent the community, and identify the persons the hospital facility consulted	5	Х	
6	a Was the hospital facility's CHNA conducted with one or more other hospital facilities? If 'Yes,' list the other hospital facilities in Section C.	6a	Х	
	b Was the hospital facility's CHNA conducted with one or more organizations other than hospital facilities? If 'Yes,' list the other organizations in Section C	6b	Х	
7		7	Х	
	If 'Yes,' indicate how the CHNA report was made widely available (check all that apply):			
	a X Hospital facility's website (list url): See Part V, Line 16j for URL			
	b X Other website (list url): See Part V, Line 16j for URL			
	c X Made a paper copy available for public inspection without charge at the hospital facility			
	d Other (describe in Section C)			
8	through its most recently conducted CHNA? If 'No,' skip to line 11.	8	Х	
9	Indicate the tax year the hospital facility last adopted an implementation strategy:2022_			
10	Is the hospital facility's most recently adopted implementation strategy posted on a website?	10	Х	
	a If 'Yes,' (list url): See Part V, Line 16j for URL			
	b If 'No,' is the hospital facility's most recently adopted implementation strategy attached to this return?	10b		X
11	Describe in Section C how the hospital facility is addressing the significant needs identified in its most recently conducted CHNA and any such needs that are not being addressed together with the reasons why such needs are not being addressed. Part V			
12	a Did the organization incur an excise tax under section 4959 for the hospital facility's failure to conduct a CHNA as required by section 501(r)(3)?	12a		Х
	b If 'Yes' to line 12a, did the organization file Form 4720 to report the section 4959 excise tax?	12b		
	c If 'Yes' to line 12b, what is the total amount of section 4959 excise tax the organization reported on Form 4720 for all of its hospital facilities?

Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ('A, 1, 'A, 4, 'B, 2, 'B, 3, 'etc.) and name of hospital facility.

Part V, Line 5 - Account Input from Person Who Represent the Community

Facility: Northern Light Mayo Hospital

The Maine Shared CHNA research team conducted a statewide qualitative assessment among stakeholders to identify and prioritize significant health issues in communities across the state. The assessment, coordinated with the Maine CDC, engaged public health expertise throughout the process. Community outreach was conducted between September 2021 and January 2022. All forms of engagement included public forums, community sponsored events, and oral surveys. The purpose of these outreach efforts was to gather feedback on data and to identify health priorities, community assets, and gaps in resources to be used in health improvement planning.

Virtual community forums with residents and service providers were held in the county in partnership with the Maine CDC to solicit input from individuals representing populations with health disparities including medically underserved, low-income, or minority populations. The following organizations attended the September 7, 2021, Piscataquis County Shared CHNA Community Engagement Forum and provided valuable feedback on the Maine Shared CHNA.

Persons representing broad interests of the community who were consulted during the engagement process (the following list was extracted from the Piscataquis County CHNA report, page 20): Bangor Public Health and Community Services, Bangor Public Health Department, Child Behavioral Health Services, Downeast Public Health District, Eastern Area Agency on Aging, Healthy Acadia, Helping Hands with Heart / Maine Highlands Investment Partnership, Northeastern Workforce Development Board, Northern Light Acadia Hospital, Northern Light CA Dean Hospital, Northern Light Health Systems, Northern Light Mayo Hospital, Office of Child and Family Services, Maine

Department of Health and Human Services, Partners for Peace, Penquis, BAA TEEA3807L 08/27/21

of.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ('A, 1,' 'A, 4,' 'B, 2,' 'B, 3,' etc.) and name of hospital facility.

Part V, Line 5 - Account Input from Person Who Represent the Community (continued)

Health District, Piscataquis Regional Food Center, Public Health Care, Public Health Nursing, Maine Center for Disease Control and Prevention, State of Maine, United Way of Eastern Maine, WIC Nutrition Program.

New this cycle was an expanded effort to reach those who may experience systemic disadvantages and therefore experience a greater rate of health disparities. Two types of outreach were piloted in this effort.

One effort included nine community sponsored events hosted by organizations having statewide reach representing the following communities:

Black or African Americans; people who are homeless or formerly homeless; older adults; people who are deaf or hard of hearing; people who define themselves or identify as lesbian, gay, bisexual, transgender, and queer and/or questioning (LGBTQ+); people with a disability; people with a mental health diagnosis; people with low income; and youth.

Another effort included conducting oral surveys in collaboration with eight ethnic-based community organizations' community health workers in order to better reach Maine's immigrant population that included:

1,000 surveys were conducted in either English (32%), Somali, (24%), Arabic (23%), French (8%), Spanish (5%), Lingala (3%), and other languages including Swahili, Maay Maay, Portuguese, Oromo, Eretria, Kirundi, and Amara. When asked for their countries of origin, respondents most commonly cited the United States (212), Iraq (205), Somalia (157), The Democratic Republic of Congo (81), Djibouti (70), Kenya (30), and Mexico (29). Other countries of origin mentioned included Rwanda, Ethiopia, Angola,

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ('A, 1,' 'A, 4,' 'B, 2,' 'B, 3,' etc.) and name of hospital facility.

Part V, Line 5 - Account Input from Person Who Represent the Community (continued)

Salvador, Nigeria, Canada, Burundi, Eritrea, France, Honduras, Uganda, Jamaica, Mali, Gabon, Sudan, Nicaragua, Peru, and Brazil.

Part V, Line 6a - List Other Hospital Facilities that Jointly Conducted Needs Assessment

Facility: Northern Light Mayo Hospital

The Maine Shared CHNA was conducted through a collaborative effort among Maine's four largest health-care systems - Central Maine Healthcare, Northern Light Health (legal name Eastern Maine Healthcare Systems), MaineGeneral Health, MaineHealth - and the Maine Center for Disease Control and Prevention, an office of the Maine Department of Health and Human Services (DHHS). Northern Light Health member organizations participating in the Shared CHNA included Acadia Hospital, AR Gould Hospital, Blue Hill Hospital, CA Dean Hospital, Eastern Maine Medical Center, Inland Hospital, Maine Coast Hospital, Mayo Hospital, Mercy Hospital, and Sebasticook Valley Hospital. See Line 5's response for a comprehensive list of participating organizations, included other non-Northern Light Health hospitals who were consulted during the engagement process.

Part V. Line 6b - CHNA Conducted by Orgnizations Other Than Hospital

Facility: Northern Light Mayo Hospital

The 2022 Maine Shared CHNA was conducted in collaboration with the Maine Center for Disease Control and Prevention, an office of the Maine Department of Health and Human Services (DHHS), local public health and community agencies. Together, with the hospital facilities, these organizations helped to gather input at local forums while providing expertise and guidance throughout the process. See the response for Line 5 for a list of participating organizations who were consulted during the engagement process.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ('A, 1, 'A, 4, 'B, 2, 'B, 3, 'etc.) and name of hospital facility.

Part V, Line 11 - Explanation of Needs Not Addressed and Reasons Why (continued)

Northern Light Health recently conducted their 2022 Shared Community Health Needs
Assessment that will inform priority work for implementation in FY23 - FY25. In FY22,
Northern Light Mayo Hospital developed our plan to address significant needs
identified in our 2022 Community Health Strategy (aka, implementation strategy).
Though priority work from the 2022 Shared CHNA won't begin until FY23, Mayo Hospital
will be prepared to implement priority work from our 2022 strategy with no gap in
implementation efforts between the two CHNA cycles. While conducting the 2022 Shared
CHNA research and outreach, Mayo Hospital continued to implement priority work from
the final year, FY22, of the three-year 2019 Community Health Strategy
(implementation years FY20, FY21, and FY22). Below reflect these efforts related to
the 2019 Community Health Strategy.

The data gathered from the 2019 Shared Community Health Needs Assessment (Shared CHNA) informed Mayo Hospital's Community Health Strategy (Implementation Strategy) developed with input from community stakeholders including those who serve priority populations, the local Public Health District Liaison, local business leaders, and community advocates. Priorities were selected after weighing the severity of each priority area, availability of known and effective interventions, determination that the priority area was un-addressed or under-addressed, and community collaborations underway with Mayo Hospital. A hospital task force considered the data and identified areas of significant need including priority concerns, intended actions to address the need, programs and resource allocation, planned collaborations, and population of focus. The implementation strategy was presented and adopted by the hospital's governing board.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ('A, 1,' 'A, 4,' 'B, 2,' 'B, 3,' etc.) and name of hospital facility.

Part V, Line 11 - Explanation of Needs Not Addressed and Reasons Why (continued)

significant needs identified in its 2019 CHNA as follows:

Substance use

Actions taken by Mayo Hospital to address this priority in FY22: Northern Light Mayo Hospital was able to increase the number of sites offering Medication-Assisted Treatment options from two to four.

Mental health

Actions taken by Mayo Hospital to address this priority in FY22: Northern Light Mayo Hospital further explored programs and curriculums that address the stigma around mental health. We worked with local schools to begin implementing Lion's Quest SEL in the early spring. Lion's Quest social and emotional learning programs support, encourage, and celebrate diversity. This program is designed to create a learning environment based on the needs of all students in an environment in which no one is an outsider because everyone is needed, valued, and important. Mayo Hospital partnered with several community agencies to host a Mental Health Day at Penquis Valley Middle and High schools. This day aimed to reduce the stigma surrounding mental health and also had students practice stress relieving activities that they could then apply to their everyday lives such as Yoga, painting, breathing, etc. In addition, we are working with Community Health and Counseling Services (CHCS) on a pilot program at Piscataquis Community Secondary School (PCSS). PCSS was chosen to work with the Maine Department of Education on this Pilot program due to the strong work being done in the schools with the Positive Action Programs co-advised by Northern Light Health staff.

Obesity

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ('A, 1, 'A, 4, 'B, 2,' 'B, 3,' etc.) and name of hospital facility.

Part V, Line 11 - Explanation of Needs Not Addressed and Reasons Why (continued)

Actions taken by Mayo Hospital to address this priority in FY22: Northern Light Mayo Hospital's Community Health specialist, Kate Fergola, worked with schools, childcare centers, and afterschool programs to bring fun, and engaging programs that focus on healthy eating and active living. We held a successful story walk in July in partnership with SNAP (Supplemental Nutrition Assistance Program) Education and have been offering free afterschool programming at SeDoMoCha since the start of the 2022-2023 school year.

Access to healthy food - food insecurity

variety of reasons are listed below:

Actions taken by Mayo Hospital to address this priority in FY22: Northern Light Mayo Hospital worked hard to implement the screening throughout our organization. By providing continued education related to the importance of using the validated 2-question food insecurity screening at all of our sites while maintaining proper documentation of efforts, and continued work with community partners will ensure that we are meeting the needs of our patients and our community. We are proud to report we were able to complete and exceed our goal.

Additional information related to actions taken by Northern Light Mayo Hospital on the above priorities can be found in their FY22 Progress Report to Our Community at https://northernlighthealth.org/2019-Community-Health-Strategy.

Northern Light Mayo Hospital considered all priorities identified in the Shared CHNA, as well as other sources, through an extensive review process. While the full spectrum of needs is important, Mayo Hospital is currently poised to focus only on the highest priorities at this time. A number of priorities not selected, due to a

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and hospital facility line number from Part V, Section A ('A, 1,' 'A, 4,' 'B, 2,' 'B, 3,' etc.) and name of hospital facility.

Part V, Line 11 - Explanation of Needs Not Addressed and Reasons Why (continued)

•Older adult health/Healthy aging - while not specifically identified as a stand-alone priority area of work for Northern Light Mayo Hospital's Community Health Strategy, three of the identified priority areas of work (mental health, access to care, and social determinants of health) have specifically identified the elderly as a primary population of focus. Therefore, due to our current identified priorities that includes work with our elderly and ongoing collaborative work focused on elder health and healthy aging, we have chosen to focus our efforts on other priority areas of need.

BAA Schedule H (Form 990) 2021

Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- **6 Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 6a - Related Organization Community Benefit Report

Northern Light Mayo Hospital community benefit report is contained in an annual community benefit report prepared by Northern Light Health which is the parent organization of all related organizations.

Part I, Line 7 - Explanation of Costing Methodology

Ratio of Patient Care Cost-to-Charges is used in calculations.

Part III, Line 2 - Methodology Used To Estimate Bad Debt Expense

The costing methodology used to determine the amount is cost to charge ratio.

Part III, Line 4 - Bad Debt Expense

Patient and trade accounts receivable are stated at the amount management expects to collect from outstanding balances. See Footnote 2 of the attached financial statements, page 16 to 19 - Patient Service Revenue and Accounts Receivable section.

Part III, Line 8 - Explanation Of Shortfall As Community Benefit

Medicare losses should be treated as a community benefit because the losses are incurred in performing an important public service, and Maine hospitals experience one of the lowest Medicare reimbursement rates in the country.

Part III, Line 9b - Provisions On Collection Practices For Qualified Patients

All account guarantors who express an inability to pay inpatient and outpatient services will be screened for eligibility for charity care using an application and guidelines established by Northern Light Mayo Hospital. An account may be

Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- **4 Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part III, Line 9b - Provisions On Collection Practices For Qualified Patients (continued)

reconsidered for charity care at any time when new information is available about a patients inability to pay.

Part VI, Line 2 - Needs Assessment

Northern Light Mayo Hospital conducts an environmental scan in the areas of Substance Use Prevention, Tobacco Prevention and Healthy Eating, Active living. These scans are conducted once every five (5) years in conjunction with the Maine Prevention Services funding cycles.

Part VI, Line 3 - Patient Education of Eligibility for Assistance

Northern Light Health Financial Counselors screen patients for federal, state or government programs and brochures are displayed at all Northern Light locations. Financial Assistance is widely publicized within the community by the following methods:

- •Offered by receiving a conspicuous written notice on their billing statements
- ·Listed on the Northern Light Health web portal

www.northernlighthealth.org/billing

- ·Posters are displayed in public locations in each hospital facility
- Community posters are displayed outside of the organization (Food Cupboards,

Libraries, Auditoriums, Churches, Banks)

Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part VI, Line 3 - Patient Education of Eligibility for Assistance (continued)

•Packets are provided at all check in locations which include an application, instructions, and a Financial Assistance Policy (FAP) Plain Language Summary

Part VI, Line 4 - Community Information

Located in Dover-Foxcroft, Maine, Northern Light Mayo Hospital has a service area comprised of both primary and secondary service areas, together referred to as the total service area. Total service areas (TSA's) are developed by the Northern Light Health Planning department based on neighboring zip codes from which a majority of a hospital's inpatient admissions originate. TSA's can sometimes overlap due to hospital locations or because of the specialty services provided by the hospitals.

Towns representing Mayo Hospital's primary service area include: Dexter, Cambridge, Sangerville, Guilford, Abbot, Monson, Dover-Foxcroft, Sebec, Milo, and Brownville.

Towns representing Mayo Hospital's secondary service area include: Garland, Charleston, Corinth, Exeter, and Corinna.

Piscataquis County's race/ethnicity and selected demographics are provided below for Mayo Hospital based on the hospital's physical location in Piscataquis County.

BAA TEEA3809L 08/27/21 Schedule H (Form 990) 2021

Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- **6 Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part VI, Line 4 - Community Information (continued)

Piscataquis County - Race/Ethnicity: American Indian/Alaskan Native 0.8% (135), Asian 0.8% (131), Black/African American 0.6% (96), Native Hawaiian or Pacific Islander 0.0% (0), White 95.8% (16,128), Some other race 0.7% (119), Two or more races 1.3% (227), Hispanic 1.5% (245), Non-Hispanic 98.5% (16,591), Total county population 16,836.

Piscataquis County - Selected Demographics: Median household income \$40,890, Unemployment rate 5.5%, Individuals living in poverty 18.5%, Children living in poverty 23.8%, 65+ living alone 27.4%, Veterans 12.6%, Gay, lesbian, and bisexual (high school students) 9.6%, Gay, lesbian, and bisexual (adults) 3.2%, Transgender youth (high school students) 1.7%, Persons with a disability 26.3%.

Other hospitals serving the Northern Light Mayo Hospital community: Based on the State of Maine's definition of hospital service area, Northern Light Mayo Hospital is the only hospital in this community per Hospital Service Area (HSA) designation. Additionally, the Health Resources & Services Administration designated Mayo Hospital's service area as having a total of eight medically underserved populations/area.

Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.

- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part VI, Line 5 - Promotion of Community Health

Northern Light Mayo Hospital furthers its exempt purpose by promoting the health of the community through the following grant activity in FY22:

•Community Health Education: Let's Go - obesity prevention; University of New England Substance Abuse Prevention - Provide substance use prevention services that lead to the prevention of opioid and other substance use in Maine; Rural Health Clinic Vaccine Confidence Program - to improve vaccine and counter vaccine hesitancy in rural communities where COVID-19 uptake lags in comparison to more populated areas; Drug Free Communities - addressing substance use.

Northern Light Mayo Hospital Board of Directors majority is independent. Northern Light Mayo Hospital extends medical staff privileges to all qualified physicians in the community for some of its departments. We have offered CME programs on site and invited medical staff to participate at no charge to them.

Part VI, Line 6 - Affiliated Health Care System

The 2022 Maine Shared Community Health Needs Assessment (CHNA) was conducted by Northern Light Health in collaboration with several member/affiliated hospitals, non-affiliated hospitals as well as public health and community organizations across the state. The Maine Shared CHNA informs initiatives to promote community health across the system as well as within each member hospital's local service area. Each

BAA TEEA4102L 10/27/21 Schedule J (Form 990) 2021

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Part 1, Line 1a - Relevant Information Regarding Compensation Benefits

The following received tuition:

Jessica Richmond	d, highest compensated employee	\$13,981
Kyrsten Sutton,	highest compensated employee	33,212
Kristen Wagner,	highest compensated employee	13,981

The following received a wellness program incentive:

Ahmad Abed Elnoor, highest compensated employee	\$ 110
Nicole Chadwick, officer	300
Jennifer Goodrich, officer	80
David McDermott, officer	40
Jessica Richmond, highest compensated employee	60
Denise Scuderi, officer	120
Marie Vienneau, trustee/officer	50

The benefit is available for all employees.

Part I, Line 3 - Methods Used By Related Org. To Establish CEO/Exec. Dir. Compensation

The SVP, President of Northern Light Mayo Hospital is employed by the system parent,

Eastern Maine Healthcare Systems d/b/a Northern Light Health (NLH). The NLH

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Part I, Line 3 - Methods Used By Related Org. To Establish CEO/Exec. Dir. Compensation (continued)

Executive Performance Management Committee (the Committee) is responsible to determine the compensation of the Northern Light Mayo Hospital SVP, President in consultation with the NLH President/CEO. The Committee used the following methods to establish the SVP, President compensation:

- Compensation committee
- Independent compensation consultant
- Written employment contract
- Compensation survey or study
- Approval by the board or compensation committee

Part I, Line 4 - Received Severance, Supplemental NQ Retirement, Equity-Based Compensation

Line 4(b) Supplemental non-qualified retirement plan:

Timothy Dentry-

A pension obligation satisfied through a supplemental non-qualified retirement plan is based on a percent of qualified earnings or by specific agreement. The portion accrued for the supplemental non-qualified retirement plan is \$2,516, based on the amounts contributed and related earnings. The supplemental non-qualified retirement

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Part I, Line 4 - Received Severance, Supplemental NQ Retirement, Equity-Based Compensation (continued)

benefit is subject to a substantial risk of forfeiture.

Compensation includes a lump-sum payout of \$436,044 from the supplemental non-qualified retirement plan. Existence of the non-qualified plan was reported in prior years and does not represent additional expense beyond what was previously accrued in the company's financial statements.

Glenn Martin -

A pension obligation satisfied through a supplemental non-qualified retirement plan is based on a percent of qualified earnings or by specific agreement. The portion accrued for the supplemental non-qualified retirement plan is \$64,551, based on the amounts contributed and related earnings. The supplemental non-qualified retirement benefit is subject to a substantial risk of forfeiture.

Compensation includes a lump-sum payout of \$80,809 from the supplemental non-qualified retirement plan. Existence of the non-qualified plan was reported in prior years and does not represent additional expense beyond what was previously accrued in the company's financial statements.

Northern Light Health

Promises

Annual Report 2022

"A promise made must be a promise kept." - Aristotle

When people keep their promises to us, we feel valued, respected, and appreciated.

At Northern Light Health, we understand the importance of making a promise and doing

Schedule O (Form 990) 2021 Page 2

Form 990, Part III, Line 4d - Other Program Services Description

Our promise to the people and communities we serve across our great state of Maine is to make healthcare work for you. This means that we promise to get better every day by raising quality through teamwork, efficiency, and innovation. We promise to guide the way for our patients and their families, through the care experience. We live in a big, rural state, and we know access to care can be challenging for some people in our communities. So, we are committed to improving access. And last, but certainly not least, we promise to see patients as diverse individuals with their own unique needs.

In this annual report, we highlight the ways our valued employees and community partners are working together to keep our promises to the communities we serve. From helping firefighters access lung cancer studies at world-class research hospitals, to helping busy parents schedule pediatrics appointments on their own time, and using the latest in diagnostic technology to help people with congestive heart failure stay out of the hospital. We are also helping the state address a critical shortage of psychiatric inpatient beds while addressing the state's long-term community-based mental and behavioral health needs.

These stories in this report are just a few examples of the promises we work hard to keep every day. This work inspires us. We hope it inspires you too.

Kathy Corey

Board Chair

Northern Light Health

Acadia for All

Emerald Forcier is walking an aisle of gleaming white chairs carefully set on a lush green lawn overlooking the Penobscot River. Her husband, Kurt is hustling along on a lawn tractor, making sure the lawn is short and neat for the upcoming wedding the couple plans to host at their venue, Penobscot Bay Weddings in Winterport. As her four-year-old daughter, Maisie picks wildflowers, Forcier is holding her 8-month-old son Miles in her arms while she thinks about all the work she has left to do in the wedding tent. "I often say to friends and family when they ask how I'm doing, I'm like, I am exhausted. We're starting a new business. And yet the deep, important things are wonderful."

But seven years ago, things were not wonderful for Forcier in terms of her mental health. She was living on the island of Bali; she was having difficulty getting the medications to manage her depression, and she was in a suicidal state. She moved back to the United States and attended an inpatient treatment program, which she credits with saving her life. After six months of hard work restarting her life, she was back in Maine, but her health insurance was due to expire at the beginning of the new year. Despite spending four weeks consistently trying, Forcier could not access any outpatient provider to renew her prescriptions. Desperate for help, she ended up in a hospital emergency department on New Year's Eve 2015. Even then, she was sent away multiple times because psychiatric care was not available.

TEEA4902L 08/10/21

"I remember what it was like when I had reached my rock bottom and I needed inpatient services. I also remember the fear and helplessness of being stuck in the emergency department, unable to access the care I needed. I frankly cannot even imagine the terror and the sadness of experiencing both of these things at once. The day a person needs inpatient care is one of the worst days of their life. To be stuck in an emergency department with nowhere to go is a devastating experience far too many people face, and I cannot imagine a child or their parent going through that."

Forcier's experience is unfortunately all too common. Across Maine, there simply are not enough inpatient beds and people who end up in crisis situations turn to hospital emergency departments.

Nadia Mendiola, MD, an adolescent psychiatrist at Northern Light Acadia Hospital, sees it all too often. She says it's particularly troubling when children get stuck in these emergency departments for several weeks, or even months, waiting for an inpatient bed. "Emergency care physicians, they're wonderful at their job but they're not psychiatrists. They have limited options, they have limited space, and you're talking about kids who can't even function in a big home or a big school and now you're confining them to a little spot. It's just not conducive to good care."

This is one of the reasons why Northern Light Acadia Hospital is undertaking an ambitious expansion project to double the number of its single occupancy rooms. The 50,000 square feet expansion will add 50 pediatric inpatient rooms as well as new group and individual treatment spaces. The 50 existing inpatient rooms are being remodeled to single occupancy, adult inpatient rooms to better meet current behavioral healthcare standards.

BAA Schedule O (Form 990) 2021

Acadia President Scott Oxley knows the expansion is needed. "Unfortunately, the kids we see today are sicker than they were 30 years ago, so we need more circulation space, more room for group therapies. And really, our existing facility does not accommodate that," shares Oxley.

In addition to the new inpatient rooms, there will also be an expansion of the Mood and Memory clinic for patients with Alzheimer's disease and dementia, and an endowment created for workforce development, recruitment, and retention. All this work requires substantial investment, and Oxley says community support thus far has been exceptional.

"Long term, the key to our success is early detection, early intervention, keeping folks in their communities, and keeping them out of the highest level of care. The reality is there's such a shortage of inpatient beds, that the need is urgent for inpatient beds while we work strategically and collaboratively on the longer-term plan."

Donors have given generously to the Acadia for All campaign including the Stephen and Tabitha King Foundation which donated one million dollars.

Bingo!

How's your heart health?

Beverly Fowler is her name and Bingo is her game. Every Monday and Wednesday, Fowler

leaves her Bangor apartment and heads to the Bangor Elks Lodge to have lunch with friends, play a few card games, and set up for evening Bingo. "Usually on a Monday night, we get between 80 and 100 people, which is a good, good evening. Some winter nights, if it's snowing or something, we only get about 70, but that's still pretty good," she says. Fowler also plays Tuesdays, Thursdays, Fridays, and Sundays. "Saturday is a free day," she says with a chuckle.

At 83 years old, Fowler enjoys staying active and socializing, but managing her congestive heart failure was slowing her down. "I kept filling up with fluids and ending up in the hospital for a week at a time. That's happened three or four times," says Fowler.

Alan Jansujwicz, MD, general cardiologist and director of Northern Light Cardiovascular Care is working to improve the quality of life of patients like Beverly by keeping them out of the hospital. "We know patients with heart failure end up being hospitalized over the course of time and each hospitalization matters. The statistics say that if you're hospitalized with heart failure, over the next six months to a year, your risk of not doing well is higher than before you were hospitalized," says Dr. Jansujwicz.

Now, Northern Light Health is offering a new option to patients like Fowler, so they can monitor their condition and correct course before needing hospitalization. A remote monitoring device is implanted in the patient's pulmonary artery through a blood vessel in the groin. It measures pulmonary artery pressure and sends information to a receiver that resembles a giant pillow, which the patient lays on to take daily readings. The receiver records and sends the information to a secure

Employer identification number

84-3689003

Form 990, Part III, Line 4d - Other Program Services Description

website where a patient care manager like Janet Glidden, RN, BSN, MBA, reviews it. If Glidden sees troubling changes in a patient's numbers, she can call them and talk about what's happening. "I'll look at their readings, and if I see they are ranging up, I'll call. They may not feel like there's any change, but I'll say, 'Your numbers are up. What did you do differently yesterday?' It almost always relates to diet or having too many fluids," Glidden shares.

"If the pressure's going up, it tells us the patient might be heading toward heart failure. Maybe we can stop that before it happens by increasing their therapies as opposed to them just slowly slipping into heart failure, getting past that early detection point, and ending up in the emergency department or hospitalized," adds Dr. Jansujwicz.

Fowler says the device is indeed working, she thinks it's kept her out of the hospital at least five times so far and she's had it for less than a year. It does require the patient to commit to taking a daily reading, every week of the year — even when traveling. For Fowler, it's a necessary inconvenience that keeps her out of the hospital so she can spend her time where she wants to be, which most days, is at bingo.

Yes, Please

Self-Scheduling for busy people

Emily Tadlock is a busy working mom with a blended family that includes her partner, Jim Bertolino, his three children, James 16, Isabella 14, Ruby 6, and their infant daughter, six-month-old Elena. A typical day starts preparing formula and getting diapers changed, making breakfast and packing lunches, and getting kids to school

Name of the organization MRH Corp
Northern Light Mayo Hospital

Employer identification number 84-3689003

Form 990, Part III, Line 4d - Other Program Services Description

and daycare. Then, it's time to work a full day, and juggle after school pickups and activities such as theater practice or track practice. "It's nonstop. There's always something going on," shares Tadlock. While Tadlock and Bertolino are tech savvy (he's a software engineer and she's a marketing manager for Northern Light Health), they use a very low-tech, giant white-board calendar in their kitchen to help keep all six schedules straight. "We try to keep track of meals and our grocery list on there, too. If we don't have any more chocolate milk or we're almost out, we write it down there."

With so much going on in their daily lives, flexibility is something they covet. Tadlock is a big fan of Northern Light Health's new online self-scheduling tool for pediatric and primary care appointments. "A lot of times when I call a doctor's office, I have to sit down in front of my calendar to compare with their calendar. They have to say, okay, we have this time. Nope, that doesn't work. Okay, we have this time; that doesn't work either. Whereas with this, I can just pull it up and see what's open and it's easy for me to go, 'Oh this is the perfect time; here it is.' Even if I get distracted; if Ruby comes over and asks me for a paper towel or whatever, I can still come right back to it. I don't have to try to hold her off while I'm on the phone."

Mary Archdeacon, a patient service representative at Northern Light Pediatric Care in Bangor agrees scheduling takes a lot of time. "If somebody calls with three kids to schedule three well child visits, that's a long time on the phone, and we could be doing other tasks such as answering patient questions," shares Archdeacon.

Darmita Wilson, vice president of operations for the Northern Light Medical Group

says self-scheduling is just one of the new digital offerings designed to improve patient access and experience, staff experience, and employee job satisfaction.

"It is a splendid way for us to bring healthcare to patients. We can provide care how patients want it, when they want it, and where they want it. Self-scheduling is one of the basic tenets of all things going forward," shares Wilson. Other digital experience applications allow patients to fill out their paperwork electronically before coming to the medical practice, saving time in reception.

Northern Light Health offers self-scheduling for many pediatric and adult primary care visits, as well as screening mammograms at most locations. Current patients can get to the tool through the patient portal, but even new patients can schedule appointments online using the Provider Finder or the Schedule an Appointment links found on Northern Light Health websites. "Access is what Northern Light is really all about," adds Wilson.

For Tadlock, less time on the phone and more time with her family is something to be celebrated. "It's a game changer for busy families for sure."

A Different Kind of Pharmacist

Are you in control of your diabetes?

Darlene Ouellette is a retired schoolteacher who often put her health needs behind the rest of her family. Caring for her children, including a son with autism, was her priority. On a recent visit with her primary care provider, who happened to be a former student, she had a frank conversation about her health.

"I felt very comfortable talking to my provider about what was going on in my life, the stress levels and everything. She said she was concerned; she said, 'Would you mind talking with Jessica, our pharmacist, and we'll see where we can go with it?' I said, Sure. I knew at that point I had to do something," recalls Ouellette, who was struggling to keep her blood pressure and diabetes in check.

What Ouellette, did not realize, was that Jessica Bates, PharmD, is not the type of pharmacist that you visit in a retail pharmacy and have a conversation with while picking up medications. Bates is an ambulatory care pharmacist.

"Primary care practitioners refer patients to meet with me for a variety of reasons ranging from diabetes to high blood pressure to medication management. I work directly with the practitioner which allows me to adjust people's medication and provide education about their medications. I also review their medication list for drug interactions and streamline their therapy to ensure they're on the optimal medications," shares Bates. "But limiting the number of medications they have to take is the primary goal."

Patients like Ouellette, meet with Bates in her office, typically for 20-40 minutes. The discussion is primarily about medications and Bates says she can learn a lot about her patients in those meetings that she can share with the primary care practitioners in addition to information she learns about new and existing medications.

"We have monthly meetings, and I usually provide updates for them about clinical guideline changes, new and emerging therapies, or clinical trials that have been

84-3689003

Form 990, Part III, Line 4d - Other Program Services Description

published. This relationship is mutually beneficial for the provider, for me, and ultimately the patients," says Bates.

Ouellette is a huge fan of this added level of collaboration and care. After ignoring her own medical needs for so long, she's now making progress. She is more careful about her diet and goes for walks every day. She says Bates helped get her blood pressure medications adjusted and her diabetes in check.

"If people come up to me and say, what are you doing? I tell them it's a collaboration between me, my pharmacist, and my physician. We talk all together. It makes it so much easier to know everyone's on the same page. They want to do what's right for you, and they want to try to make sure you're doing well in terms of not only your physical health but your mental health too!"

Keeping it Local

How was your trip to see us?

Nearly 20 years ago, Gavin Ducker, MD, joined Northern Light Health to become what he calls a country doctor. Since that time, Dr. Ducker has provided primary care to thousands of patients in towns throughout central Maine at Northern Light Primary Care in Waterville. He's made the wellness of others his professional commitment and has seen the importance and benefits of screenings for the early detection of lung cancer. He also knows the importance of keeping care close to home. "Over the years, I've had many patients die from lung cancer. It's a sad moment, and I've often wondered how we could have effectively detected those cancers early on to try and cure them. Despite years and years of research, we've never come up with an effective way of doing that until about six or seven years ago."

Name of the organization MRH Corp
Northern Light Mayo Hospital

Employer identification number 84-3689003

Form 990, Part III, Line 4d - Other Program Services Description

When it comes to lung cancer, early detection is key. Seventy-five percent of cancer cases in Maine are detected too late and, as a result, are less likely to be curable. So, when Dr. Ducker has a patient who may qualify for Northern Light Eastern Maine Medical Center's Lung Cancer Screening Program, patient navigator Amy McClary, RN, steps in. The Lung Cancer Screening Program is helping patients discover potential issues earlier, resulting in more treatment options, and leading to brighter and better outcomes. To make the process more convenient for people in rural areas, Eastern Maine Medical Center partners with hospitals in smaller communities, allowing patients to have a low-dose CT scan done closer to home. Once complete, Amy and her team take it from there, handling everything from tracking appointments to working with the patient's local primary care provider, like Dr. Ducker.

"Having this program is so important because early-stage lung cancer is asymptomatic.

A lot of the cancers we find are people who just came in for their normal scan, had no symptoms, and didn't even realize they were walking around with this cancerous lung nodule in them. The symptoms for lung cancer don't appear until very late stage when there are fewer treatment options available," explains McClary.

Ryan Saucier, BS, RDMS, RT(R), CRA, director of Medical Imaging at Northern Light Inland Hospital has witnessed first-hand how the collaboration helps patients stay close to home. Instead of driving to Bangor for a five minute scan, patients are scanned with state-of-the-art equipment right at Inland Hospital. "When I think of providing this service to the community and the potential to make a difference in catching a cancer that 75 percent of the time is found too late, it's a wonderful

opportunity to make a difference in someone's life by participating in this kind of work. I ask myself, 'how do we find a way to serve our patients in a meaningful way?'

And this is a great way that we're able to do it, and it feels good."

"The National Institutes of Health finally came up with a program that involves low dose CT scanning, they published the data about six or seven years ago. We've mimicked exactly what they do here at our lung cancer screening program. Each of our member hospitals who can do a low dose CT scan now offer screening to patients locally and get them into the program. It's a big step forward," adds Dr. Ducker.

Breathing Easier

Can we bring care closer to you?

Portland Fire Lieutenant Dave Crowley keeps a watchful eye as he steams across Casco Bay and patrols the islands and mainland looking for any signs of trouble from boaters, fishermen, or island residents. As a lieutenant, he's responsible for the operation of the boat and the safety of the crew. Saving lives is the job he signed up for. He's rescued stranded boaters and shuttled injured islanders to mainland hospitals. "When I started working on the fire boat, one of my first calls was for Cliff Island, which is eight miles out and about a half hour run. The call was for an eight-year-old child who fell out of a tree. Female, unconscious, not breathing. And, I know it's my kid."

It was one of the scariest calls he would answer in his years on the fireboat.

Form 990, Part III, Line 4d - Other Program Services Description

Fortunately, his daughter's injuries were not as severe as they initially appeared, and she ended up recovering fully. Crowley admits that while he's looking out for the well-being of others, he's not always been that good about taking care of his own healthcare needs. "My wife pushes me to do a better job of it," shares Crowley.

One thing he is a big fan of is getting something for free. When he was offered an opportunity to get a lung cancer screening as part of a clinical research trial through the joint efforts of the Portland Fire Department, Massachusetts General Hospital (MGH), and Northern Light Mercy Hospital, he didn't need much convincing. The Portland Fire Department used federal funding earmarked for firefighter wellness initiatives to pay for 50 of its firefighters to get lung scans. Through a clinical affiliation agreement with Northern Light Health, firefighters like Dave Crowley were able to get their screenings done right at Mercy Hospital in Portland, who then shared that information with researchers at MGH. Because it didn't cost Crowley anything and it was convenient, he was on board. "I thought it's free, you know, and I've got Scottish blood in me and if I'm going to get something that somebody else is paying for, I'm in line," Crowley says the whole process was quick. "It took me longer to get to Mercy Fore River from Commercial Street than it did to do the scan, including the check-in and everything. It was painless. You lie down on the table, put your arms up over your head, hold your breath, and then they run you through the machine twice and you're done." The decision to get the free screening proved to be a critically important one for Crowley. His screening detected a small spot on his lung. "That was an eye opener; you know, it shows us our mortality," he said.

The spot was caught very early so the plan for Crowley is to go back to Northern Light Mercy Hospital every three months for another scan to see if the spot grows

Employer identification number 84-3689003

Form 990, Part III, Line 4d - Other Program Services Description

any larger. If it does, he will assess his options with his care team but, because they detected this spot, Crowley says the prognosis is very good.

"They go in with a small scope and pluck it out. Most people don't even have shortness of breath afterwards," Crowley said. But if he hadn't had this screening and the spot was cancerous and went undetected, he could have easily been another lung cancer statistic. While he doesn't dwell upon that, he does acknowledge the effect of having this new piece of health information.

"Even the bad news is good news. It's virtually a 100 percent chance of survival. You don't get that for a root canal," he laughs. "My theory of the way I live my life is you should never be so afraid of dying that you're afraid to live. I still do everything I've done before."

Northern Light Health Foundation

Northern Light Health, Investing in Care for the Future of Maine with the Help of Donor Support

With the help of generous and committed community members and corporate partners,

Northern Light Health is making good on its promise to make healthcare work for you.

2022 will be remembered as a year where communities across Maine came together to invest in the future of healthcare for all Mainers. In Greenville and Blue Hill, Northern Light CA Dean and Blue Hill Hospitals broke ground on brand new hospital buildings, designed with private inpatient rooms and 24/7 emergency departments. With new, modern layouts, these facilities are designed to ensure that care teams can make the most of space and equipment, to provide the best care possible for

Form 990, Part III, Line 4d - Other Program Services Description

patients.

In Ellsworth, Northern Light Maine Coast Hospital opened a spacious, family-focused birthing center - ready to welcome future generations to the Downeast region. A two-phase project, the hospital's former obstetrics space will soon be renovated, becoming inpatient rooms that offer enhanced privacy for patients to rest and heal.

Northern Light Acadia Hospital's behavioral health services have statewide reach, thanks to telehealth and embedded providers at Northern Light Health member facilities, but the need for inpatient care has outgrown the physical hospital space in Bangor. In 2022, Northern Light Acadia Hospital broke ground on their much-needed expansion, to increase the number of pediatric inpatient rooms and treatment areas, and update adult inpatient rooms for single occupancy.

January 2023 celebrates one year of One Mercy! We're happy to provide one expanded healthcare campus along the Fore River Parkway.

Statewide Support for Cancer Care

Sadly, cancer will touch most of our lives in some way, as a patient, as a family member, or as a friend. Northern Light Cancer Care is committed to providing services for cancer patients throughout Maine. We are grateful for the generous individuals who are stepping up to support these programs.

A Milestone for Champion the Cure Challenge

"It's hard to describe the cancer journey in words, but when you know the community is behind you, it's powerful. It means so much in terms of hope and healing," says

Form 990, Part III, Line 4d - Other Program Services Description

Jon Henry, a patient at Northern Light Cancer Care, explaining why he participates in Northern Light Eastern Maine Medical Center's annual Champion the Cure Challenge.

In August 2022, a long-time Champion the Cure Challenge enthusiast, who wishes to remain anonymous, offered to help make 2022 the first year in the event's history to raise one million dollars to support Northern Light Cancer Care. The generous donor proposed a match of every dollar raised by participants, up to \$250,000, through September 30. The community rose to the challenge. By the end of September, teams and participants had well exceeded the fundraising goal for the first time in the event's 13-year history.

For people like Jon Henry, the matching challenge was an inspiration. "That prompted me to make another donation before the matching challenge ended."

Most of the funds will go toward the purchase of a linear accelerator, which provides radiation oncology treatments. Associate vice president of Oncology at Northern Light Eastern Maine Medical Center, Donna Boehm says, "This milestone achievement for Champion the Cure Challenge will help ensure that world-class cancer care remains available right here in our community."

Twenty-Eight Years of Supporting Breast Health

At Northern Light Sebasticook Valley Hospital, supporting breast health is a long-standing tradition. For nearly three decades, the community has rallied together to raise money to support breast health services at Northern Light Women's Health in Pittsfield.

Cancer Survivorship

People who have lived with cancer know treatment is only the beginning of their cancer journey. Northern Light Health's survivorship programs, which include teams of specialists such as physical therapists, nutritionists, and social workers, surround patients with holistic resources and support as they move into the next stage of their cancer journey.

Northern Light Mercy Hospital's survivorship program was created through the generosity of the Tallen Kane Foundation. Last fall, the hospital hosted special virtual events to help connect cancer patients and their families to wellness resources and support. "We are grateful to the Tallen Kane Foundation for their generous support in helping us increase access to vital resources and information for our patients and their families," says Charlie Therrien, president of Northern Light Mercy Hospital.

Community Benefit

Are You Eating OK?

Matt Dexter was 13 years old when his mom headed off for what was supposed to be a routine checkup with her doctor. Seven months later, in April of 2008, Matt's mother died of stomach cancer. "She was our family's rock and a generous person. When she was diagnosed with cancer she changed dramatically. She lost weight, and barely spoke to any family or friends. It really shook my sister, my dad, and me," Dexter recalls.

When he attended college at University of Maine in 2014, Dexter already had a solid foundation for community service, something his mom instilled in him at a young age. An avid runner, he organized a fundraiser road race in his mother's honor and called it the Eastern Trek for Cancer. "It started off very, very simple—raise funds, give

Form 990, Part III, Line 4d - Other Program Services Description

them out, have a good time. I quickly realized service to others is what I was meant to do, and that is how the Christine B. Foundation (CBF) got its start."

From its humble beginnings as a college student's road race in his mother's name, CBF has transformed into a non-profit agency that provides nutrition assistance to cancer patients across Maine. "We have supported more than 1,300 Mainers and provided nearly 300,000 medically tailored meals. We work with 120 volunteers every week. We're headquartered in Bangor and reach people over 11,000 square miles of the state, which is magical with only two staff," explains Dexter, who serves as executive director of CBF.

The Christine B. Foundation partners with agencies, government, colleges, universities, hospitals, and healthcare systems, including Northern Light Health, to provide meal assistance to cancer patients.

"For patients recovering from cancer, a nutritious diet is vitally important. Having the opportunity to provide nutritious meals at no cost to our patients, especially with food prices so high, goes a long way to help us heal those in need in our communities," shares Kate Fergola, community health specialist, Northern Light Mayo Hospital.

Northern Light Health recently awarded CBF a \$10,000 community benefit grant. "The Christine B. Foundation and their amazing team of volunteers bring nutritious food and a caring personal connection to people living with cancer. We are proud to support the growth of their home delivery network improving food equity and access for people in rural Maine communities," shares Doug Michael, MPH, associate vice

Form 990, Part VI, Line 4 - Significant Changes to Organizational Documents

non-executive capacity, compensation for former services as chair or interim president, or benefits received under a tax-qualified retirement plan".

(b) Changed in subsection e. \$80,000 to "\$100,000" and \$4,000,000 to \$5,000,000 in "Neither the Trustee nor any member of the immediate family of the Trustee is, or has been within the last three years, a partner, member, shareholder or executive officer of a company that made payments to, or received payments from, the Corporation and/or its affiliates in an amount which, in any of the last three fiscal years of the Corporation, equaled or exceeded (i) \$80,000, or (ii) 2% of such company's consolidated gross revenues if such company's consolidated gross revenues

(7) Amended Article IX (Indemnification), Section 1 (Indemnification) - changed to read as follows:

were less than \$4,000,000, in any of such three fiscal years".

(a) The Corporation (i) shall in all cases indemnify any person who is or was at the time of the conduct in question, a trustee, officer or member of a committee of the Board of Trustees, or a director, officer or a member of a committee of the Board of Directors of the Corporation's Member ("Mandatory Indemnitees"), and (ii) may (subject to subsection (c) of this section) indemnify any other person, who is or was a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a trustee, officer, employee or agent of the Corporation or the Corporation's Member, or is or was serving at the request of the Corporation as a director, officer, trustee, partner, fiduciary, employee or agent of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or other enterprise ("Discretionary Indemnitees") by reason of the fact that such person is or was a Board member, officer, employee or agent of the Corporation or is or was serving at the request of

Employer identification number 84-3689003

Form 990, Part VI, Line 4 - Significant Changes to Organizational Documents

the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement, actually and reasonably incurred by such person in connection with such action, suit or proceeding. Nevertheless, no indemnification shall be provided for any person with respect to any matter as to which such person shall have been finally adjudicated in any action, suit or proceeding not to have acted in good faith in the reasonable belief that such person's action was in the best interests of the Corporation or, with respect to any criminal action or proceeding, had reasonable cause to believe that such person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order or conviction adverse to such person or by settlement or plea of nolo contendere or its equivalent shall not of itself create a presumption that such person did not act in good faith in the reasonable belief that such person's action was in the best interests of the Corporation or, with respect to any criminal action or proceeding, had reasonable cause to believe that such person's conduct was unlawful.

- (b) Indemnification of Mandatory Indemnitees shall be required in all cases regardless of the capacity in which such Trustee or a Director of the Corporation's Member is or was made or threatened to be made a party to the action, suit or proceeding.
- (c) Indemnification of Discretionary Indemnitees under subsection (a) (ii), unless ordered by a court or required by these Bylaws, shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification is proper in the circumstances and in the best interests of the Corporation. Where such a determination is required under this subsection, that determination shall be made by the Board of Directors of the Member and a majority

Name of the organization MRH Corp
Northern Light Mayo Hospital

Employer identification number 84-3689003

Form 990, Part VI, Line 4 - Significant Changes to Organizational Documents

vote of the Board of Trustees by Trustees who were not parties to that action, suit or proceeding. Provided, however, that if more than half of the Trustees are involved in such action, suit or proceeding, the determination shall be made by a majority vote of a committee of five disinterested Trustees chosen by the disinterested Trustees at a regular or special meeting. If there are fewer than five (5) disinterested Trustees, the determination shall be based upon the opinion of independent legal counsel retained by the Corporation for such purpose. Such a determination once made may not be revoked and, upon the making of that determination, the person being indemnified may enforce the indemnification against the Corporation by a separate action notwithstanding any attempted or actual subsequent action by the Board of Trustees or the Board of Directors of the Member. (8) Amended Article IX (Indemnification), Section 2 (Advances Against Expenses) - added "by a Mandatory or Discretionary Indemnitee" and "provided, however that advances for expenses incurred by Discretionary Indemnitees shall be made to the extent authorized for such Discretionary Indemnitee in accordance with Section 1(c) above".

Form 990, Part VI, Line 6 - Explanation of Classes of Members or Shareholder

MRH Corp, d/b/a Northern Light Mayo Hospital (the "Corporation") is a Maine nonprofit corporation. Eastern Maine Healthcare Systems, d/b/a Northern Light Health ("NLH"), also a Maine nonprofit corporation, is the sole voting corporate member of the Corporation.

Form 990, Part VI, Line 7a - How Members or Shareholders Elect Governing Body

Each year at their annual meeting, the directors elect replacements for those directors whose terms are expiring. Election of directors is subject to ratification by the NLH Board of Directors.

BAA Schedule O (Form 990) 2021

Form 990, Part VI, Line 7b - Decisions of Governing Body Approval by Members or Shareholders

The NLH President has authority to appoint and remove the SVP, President of the Corporation. NLH also has joint and superior authority to approve, disapprove or initiate action with respect to the following matters:

- I. amendments to the corporations Articles of Incorporation or Bylaws;
- II. changes in legal form of organization of the Corporation;
- III. election of the Directors/Trustees of the Corporation;
- IV. action concerning the Corporation's operating budget and capital expenditures;
- V. the Corporation's acquisition of assets or assumption of liabilities of an unaffiliated third party;
- VI. transfer of 5% or more of the assets of the Corporation;
- VII. financing transactions concerning the Corporation;
- VIII. merger, consolidation, sale, lease, mortgage, pledge or other disposition of all or substantially all assets of the Corporation;
- IX. add or revise a health care service of the Corporation;
- X. discontinue or close a health care service of the Corporation;
- XI. action concerning the Corporation's role in the NLH Strategic Plan;
- XII. action concerning the Corporation's participation in key strategic affiliations with third parties not affiliated with NLH; and
- XIII. dissolution of the Corporation.

Form 990, Part VI, Line 11b - Form 990 Review Process

Form 990 is reviewed by the VP of Finance of MRH Corp. d/b/a Northern Light Mayo Hospital. It is also provided to each board member either electronically or in hard copy with an opportunity to ask questions prior to filing with the IRS.

Form 990, Part VI, Line 12c - Explanation of Monitoring and Enforcement of Conflicts

The organization requests updates of potential conflicts and relationships from the officers and Board members on an annual basis. The request requires disclosure of

BAA Schedule O (Form 990) 2021

Employer identification number 84-3689003

Form 990, Part VI, Line 12c - Explanation of Monitoring and Enforcement of Conflicts (continued)

all business relationships, board memberships, and family relationships. A database is maintained that is compared to payroll records and the accounts payable vendor list to identify any potential conflicts of interest. Transactions are reviewed for reasonableness as an arm's length transaction.

The first agenda item for board meetings and board committee meetings is for members to declare any conflict of interest with upcoming agenda items or deliberations. At any point when consideration is being given to purchase/contract with a party in interest, the member with the conflict is either excused from the discussion and consideration process or abstains from voting on the matter.

All transactions identified with parties in interest are disclosed within the Form 990. All are deemed to be arm's length transactions.

Form 990, Part VI, Line 15a - Compensation Review & Approval Process - CEO & Top Management

The SVP & President of MRH Corp d/b/a Northern Light Mayo Hospital and the system Chief Executive Officer (CEO) who serves on the board ex-officio are employed by the system parent, Eastern Maine Healthcare Systems d/b/a Northern Light Health (NLH). The NLH Executive Performance Management Committee (the Committee) is responsible to monitor and evaluate the performance of the NLH CEO. It shall have authority to set the compensation of the NLH CEO, and to review the recommendations of the NLH CEO with respect to the compensation of the Presidents of the Member Organizations and other key management personnel. The Committee is comprised entirely of independent Directors per NLH bylaws.

Process:

The Committee meets regularly throughout the fiscal year at the discretion of the Committee chair as well as on call of the Chair of the NLH board. In carrying out its duties pursuant to the Bylaws, the Committee:

-Assures that the executive compensation program is administered in a manner

Employer identification number 84-3689003

Form 990, Part VI, Line 15a - Compensation Review & Approval Process - CEO & Top Management (continued)

consistent with the NLH executive compensation philosophy.

- -Reviews and updates the NLH executive compensation philosophy which serves as the foundation on which all current and future executive compensation decisions are made.
- -Assures that value of compensation provided by NLH does not exceed the value of services provided by the executive.
- -Reviews annual incentive compensation criteria for eligible executives, as defined by the NLH CEO.
- -Reviews periodic compensation survey information and provides expert input to proposed changes to the executive compensation program.
- -Assures that a formal and timely performance management system is in place for executives.
- -Reviews incentive compensation criteria scoring and associated pay schedules for officers and key employees.
- -Provides any public statements regarding executive compensation practices at NLH deemed appropriate.
- -Maintains minutes of the meetings and communicates actions to the NLH Board of Directors.

To accomplish this, the committee uses an external consultant with access to comparative data from independent sources and include national as well as regional data points. The NLH CEO reviews all direct report compensation actions with the committee. In addition, the NLH CEO ensures that any subsidiary policies and practices governing executive compensation are consistent with the committee's philosophy and practices statement.

Form 990, Part VI, Line 15b - Compensation Review & Approval Process for Officers &

Name of the organization MRH Corp
Northern Light Mayo Hospital

| Employer identification number | 84-3689003

Form 990, Part VI, Line 15a - Compensation Review & Approval Process - CEO & Top Management (continued)

Key Employees

Compensation of other officers and key employees of the organization is established by the Human Resources department who utilize external market research to establish compensation ranges for specific positions. On an annual basis, the compensation ranges are compared to the updated survey information. The hiring manager will determine where the employee will fall within the ranges established by the Human Resources department based on experience and credentials.

Form 990, Part VI, Line 19 - Other Organization Documents Publicly Available

MRH Corp. d/b/a Northern Light Mayo Hospital makes its governing documents, conflict of interest policy and financial statements available to the public upon request.

INDEPENDENT AUDITOR'S REPORT

Board of Directors Eastern Maine Healthcare Systems d/b/a Northern Light Health Brewer, Maine

Opinion

We have audited the accompanying consolidated financial statements of Eastern Maine Healthcare Systems d/b/a Northern Light Health (Northern Light Health), which comprise the consolidated balance sheets as of September 30, 2022 and 2021, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements (collectively, the "financial statements").

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Northern Light Health as of September 30, 2022, and 2021, and the results of their operations, changes in their net assets and their cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northern Light Health and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Light Health's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

Board of Directors
Eastern Maine Healthcare Systems d/b/a Northern Light Health
Brewer, Maine

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of Northern Light Health's internal control. Accordingly, no such
 opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Light Health's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary consolidating statements of operations are presented for purposes of additional analysis rather than to present the results of operations of the individual entities, and are not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Organization and Business

Eastern Maine Healthcare Systems (EMHS) d/b/a Northern Light Health is the parent company in an integrated healthcare delivery system. Northern Light Health controls its subsidiaries by means of stock ownership, corporate membership, or membership interests. Northern Light Health and its subsidiaries provide a broad range of healthcare and related services throughout Maine.

The primary function of Northern Light Health is to provide overall coordination and direction for the activities of the following corporations. Each affiliated organization is a tax-exempt charitable organization, unless otherwise noted.

Acadia Hospital, Corp. d/b/a Northern Light Acadia Hospital — Northern Light Acadia Hospital (Acadia) operates a 100-bed acute care psychiatric hospital located in Bangor, Maine and provides outpatient mental health services. Acadia also provides mental health services through the use of tele-psychiatry and in-person care to 19 Maine hospital emergency departments. Acadia is the sole corporate member of Acadia Healthcare, Inc. d/b/a Northern Light Acadia Healthcare. Northern Light Acadia Healthcare provides an alcohol and drug treatment program, adult and children's case management services, school-based services, employee assistance programs, mental health services integrated within primary care practices, and other mental health community services.

On November 9, 2021 Acadia received approval for a \$34,700,000 Certificate of Need (CON) from the State of Maine Department of Health and Human Services (DHHS) to construct a 50 single occupancy room facility and to renovate 50 existing rooms. On September 29, 2022, DHHS approved a revised capital cost of \$52,700,000. Construction for the project commenced in 2022.

Affiliated Healthcare Systems (AHS) — AHS is a taxable holding company. AHS has several subsidiaries and is a member in several joint venture limited liability companies.

The following are subsidiaries of Affiliated Healthcare Systems:

Affiliated Laboratory, Inc. d/b/a Northern Light Laboratory — Northern Light Laboratory provides medical laboratory services to various Northern Light Health companies, physicians, and many unaffiliated healthcare clients in Northern New England. Northern Light Laboratory operates its core medical laboratory in Bangor and has various drawing stations throughout the State.

Affiliated Healthcare Management — Affiliated Healthcare Management provides support for Affiliated Healthcare Systems companies.

Beacon Health, LLC — Beacon Health, LLC contracts with payors to provide population health management services and care coordination. Beacon Health, LLC is the sole member of Beacon Rural Health, LLC. Beacon Rural Health, LLC provides population health management services in the Medicare Shared Savings Program. Beacon Health, LLC is the sole shareholder of Beacon Direct, Inc. Beacon Direct, Inc. provides third party administrative, provider network management, and wellness services.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Blue Hill Memorial Hospital d/b/a Northern Light Blue Hill Hospital — Northern Light Blue Hill Hospital (Blue Hill) operates a 25-bed critical access hospital located in Blue Hill, Maine and has family and specialty practices in Blue Hill, Castine, Deer Isle-Stonington, and Bucksport.

On October 6, 2021, Blue Hill received approval for a \$18,200,000 CON from the State of Maine DHHS to undertake a modernization project on the current campus in Blue Hill, Maine. On September 29, 2022, DHHS approved a revised capital cost of \$25,400,000. Construction for the project commenced in 2022.

Charles A. Dean Memorial Hospital d/b/a Northern Light CA Dean Hospital — Northern Light CA Dean Hospital (CA Dean) operates a 25-bed critical access hospital and skilled care facility in Greenville, Maine and has family and specialty practices in Greenville, Monson, and Sangerville.

On October 6, 2021, CA Dean received approval for a \$13,600,000 CON from the State of Maine DHHS to undertake a project that would include replacement of the existing hospital. On September 29, 2022, DHHS approved a revised capital cost of \$22,400,000. Construction for the project commenced in 2022.

Eastern Maine Medical Center d/b/a Northern Light Eastern Maine Medical Center — Northern Light Eastern Maine Medical Center (EMMC) operates a 411-bed acute care medical center located in Bangor, Maine, which provides a variety of inpatient and ambulatory healthcare services. EMMC is the sole corporate member of Eastern Maine Medical Center Auxiliary, which raises funds to benefit EMMC.

M Drug, LLC d/b/a Northern Light Pharmacy — Northern Light Pharmacy operates five retail pharmacies in Bangor, Brewer, and Portland, Maine. Northern Light Pharmacy also operates a division that provides mail order and specialty medications.

LTC, LLC — EMMC is the sole member of LTC, LLC. LTC, LLC provides or supports a continuum of nonacute healthcare services. LTC, LLC is a 50% partner in nine separate partnerships, each of which owns and operates a nursing home, residential facility or apartment dwelling. On a combined basis, the nursing homes offer 306 long-term care beds, 54 assisted living units, 26 specialized care beds, and a 111-bed Alzheimer unit to the residents of Central and Northern Maine.

EMHS Foundation d/b/a Northern Light Health Foundation — Northern Light Health Foundation holds and manages funds without donor restrictions and funds with donor restrictions for the benefit of various Northern Light Health companies and other exempt organizations in Maine. The amount of assets held for the benefit of unrelated organizations is not material.

Inland Hospital d/b/a Northern Light Inland Hospital — Northern Light Inland Hospital (Inland) operates a 48-bed hospital located in Waterville, Maine. Inland is the sole member of Lakewood d/b/a Northern Light Continuing Care, Lakewood (Lakewood), which operates a 105-bed long-term care facility.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Maine Coast Regional Health Facilities d/b/a Northern Light Maine Coast Hospital — Northern Light Maine Coast Hospital (Maine Coast) operates a 64-bed acute care hospital located in Ellsworth, Maine.

Mercy Hospital d/b/a Northern Light Mercy Hospital — Northern Light Mercy Hospital (Mercy) operates a 200-bed acute care hospital located in Portland, Maine. Mercy provides inpatient and outpatient medical, surgical, obstetrical/gynecological care and has family and specialty practices in the greater Portland area.

Northern Light Health — Northern Light Health includes the operation of the home office as well as a wholly-owned subsidiary, WorkHealth, LLC.

WorkHealth, LLC — WorkHealth, LLC provides occupational and workplace healthcare services. Northern Light Health is the sole member of WorkHealth, LLC.

Northern Light Medical Transport — Northern Light Medical Transport provides emergency and non-emergency medical transportation services, including 911 response, in over 40 Maine communities.

Rosscare — Rosscare serves as a holding organization for distributions from the Sylvia Ross Trust, whose principal purpose is to fund rental subsidies to qualifying patients for living units at Sylvia Ross Assisted Living Home. The subsidies are distributed based upon applicant financial need contingent on the financial performance of the Trust.

Sebasticook Valley Health d/b/a Northern Light Sebasticook Valley Hospital — Northern Light Sebasticook Valley Hospital (SVH) operates a 25-bed critical access hospital located in Pittsfield, Maine and has family practices in Pittsfield, Newport, and Clinton, Maine, as well as specialty practices in Pittsfield and Detroit, Maine.

The Aroostook Medical Center d/b/a Northern Light A.R. Gould Hospital — Northern Light A.R. Gould Hospital (A.R.Gould) operates a community hospital in Presque Isle, Maine with 89 licensed beds and a nursing home in Mars Hill, Maine with 72 beds. A.R. Gould has family and specialty practices in Caribou, Fort Fairfield and Presque Isle, Maine.

VNA Home Health & Hospice d/b/a Northern Light Home Care & Hospice — Northern Light Home Care & Hospice provides home health, inpatient and community-based hospice, telehealth, palliative care, and community health services statewide.

MRH Corp. d/b/a Northern Light Mayo Hospital — Northern Light Mayo Hospital is a 25 bed, critical access hospital located in Dover-Foxcroft, Maine and has family and specialty practices in Corinth, Dexter, Dover-Foxcroft, and Milo.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements include the accounts of Northern Light Health and its controlled affiliates. The consolidated financial statements include 100% of the assets and liabilities of majority-owned subsidiaries. Material intercompany accounts and transactions among the affiliated organizations have been eliminated in preparing the consolidated financial statements.

The accompanying consolidated financial statements have been presented in conformity with U.S. generally accepted accounting principles (GAAP) consistent with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 954, *Health Care Entities*, and other pronouncements applicable to healthcare organizations.

For purposes of display, transactions deemed by management to be ongoing and central to the provision of healthcare services are reported as revenue and expenses. Peripheral or incidental transactions are reported as other gains and losses.

Northern Light Health reports its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of Northern Light Health. These net assets may be used at the discretion of Northern Light Health's management and the Board of Directors (Board).

Net assets with donor restrictions: Net assets that are subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Northern Light Health or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of operations and the statement of changes in net assets.

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Significant estimates are made in the areas of patient accounts receivable, the valuation of investments and acquisitions, the determination of impairment of long-lived assets, self-insurance reserves, accrued retirement benefits, and amounts receivable and payable under reimbursement regulations.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with a maturity of three months or less at the date of purchase, excluding amounts classified as assets whose use is limited or restricted.

Northern Light Health maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. Northern Light Health has not experienced any losses on such accounts. Northern Light Health believes it is not exposed to any significant credit risk on cash.

Investments and Investment Income

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value based on quoted market prices. Equity investments that do not have readily determinable fair values can be carried at cost, less impairment, adjusted for observable events that provide evidence of fair value. Realized gains or losses on the sale of investments are determined by use of average cost. Realized and unrealized gains and losses on investments are reported as other gains (losses).

The recorded value of investments in hedge funds and limited partnerships is based on fair value as estimated by management using information provided by external investment managers. For investments in investment companies for which the fair value is not readily determinable, Northern Light Health utilized the Net Asset Value (NAV) reported by each of the underlying funds as a practical expedient to estimate the value of the investment for each of these funds. Management believes that these valuations are a reasonable estimate of fair value as of September 30, 2022 and 2021, but are subject to uncertainty and, therefore, may differ from the value that would have been used had a market for the investments existed. Such differences could be material. Certain of the hedge fund and limited partnership investments have restrictions on the withdrawal of the funds (see Note 14).

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Consequently, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the consolidated balance sheets and statements of operations and changes in net assets.

Several Northern Light Health organizations own interests in joint venture entities. Ownership interests between 20% and 50% in a joint venture are accounted for by using the equity method of accounting and included in intangible and other assets. Using the equity method, the investment is increased by Northern Light Health organization's share of the entity's income and additional investments. The investment is decreased by Northern Light Health organization's share of the entity's losses and distributions.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Borrowing Collateralized by Patient Accounts Receivable

During 2022, Northern Light Health entered into a borrowing agreement collateralized by patient accounts receivable with a third party. Eligible patients can elect an arrangement with the third party or pay their balance in full. Northern Light Health receives payment for the account less a discount rate of 9.75%. If the patient loan balance to the third party becomes 60 days past due or there is a change in patient status, as defined by the borrowing agreement, Northern Light Health is required to repay the outstanding balance. Northern Light Health had advances under this arrangement of \$8,374,000 at September 30, 2022, collateralized by patient accounts receivable. The asset is included in patient and trade accounts receivable, and the corresponding liability is included in accrued expenses and other current liabilities on the consolidated balance sheet as of September 30, 2022.

Inventory

Northern Light Health records inventory at the lower of cost or market using the first-in, first-out, or average cost methods.

Assets Whose Use Is Limited or Restricted

Assets whose use is limited or restricted include Board designated assets, assets held in trust under debt agreements, self-insurance trust arrangements, and assets that are donor-restricted. Donor restricted trusts held by unrelated entities for the benefit of various Northern Light Health organizations are reported as beneficial interest in perpetual trusts. Board-designated assets may be used at the Board's discretion.

Property and Equipment

Property and equipment are initially recorded at cost or, in the case of gifts, at fair market value at the date of the gift. Depreciation of property and equipment is computed using the straight-line method over the estimated useful lives of the related assets.

Buildings and equipment under lease obligations are amortized using the straight-line method over the shorter period of the lease term or estimated useful life of the building or equipment. Such amortization is included in depreciation and amortization in the consolidated statements of operations.

Gifts of long-lived assets, such as land, buildings, or equipment, are reported as an increase in net assets without donor restrictions (excluded from the excess (deficiency) of revenue and gains over expenses and losses), unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets, are reported as an increase in net assets with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Leases

Northern Light Health has adopted the provisions of FASB ASU No. 2016-02, *Leases* (Topic 842), using the modified retrospective approach, effective October 1, 2020. The standard requires lessees to recognize leases on the balance sheet and disclose key information about leasing arrangements. Right-of-use (ROU) assets and lease obligations are recognized on the balance sheet for all leases with a term greater than 12 months.

Leases have been classified as finance or operating leases, with classification affecting the expense recognition in the consolidated statement of operations. Northern Light Health elected the practical expedient package to not reassess at adoption (i) expired or existing contracts for whether they are or contain a lease, (ii) the lease classification of any existing leases or (iii) initial indirect costs for existing leases. Northern Light Health also elected the practical expedient that allows lessees to choose to not separate lease and non-lease components by class of underlying asset and are applying this expedient to all relevant asset classes.

At the inception of a contract or arrangement, Northern Light Health determines if the contract or arrangement is, or contains, a lease based on the facts and circumstances. Lease classification then is determined as of the lease commencement date. Northern Light Health (i) determines the consideration of the contract, (ii) determines whether the lease is an operating or finance lease, and (iii) recognizes lease ROU assets and lease obligations.

The ROU assets represent Northern Light Health's right to use the underlying assets for the lease term and lease liabilities represent the obligation to make lease payments arising from the leases. ROU assets and lease liabilities are recognized at commencement date based on the present value of lease payments over the lease term. Northern Light Health uses the implicit interest rate within the contract. If not readily available, Northern Light Health uses the estimated incremental borrowing rate. An ROU asset and lease liability are not recognized for leases with an initial term of 12 months or less.

Lease expense on operating leases is recognized over the expected lease term on a straight-line basis, while expense on finance leases is recognized using the effective interest rate method. Lease expense on operating leases is reported as operating lease cost, whereas finance lease ROU assets are amortized to expense over the lease term and interest costs are expensed on the lease obligation throughout the lease term.

Impairment of Long-Lived Assets

Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of the carrying amount or fair value, less cost to sell.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Asset Retirement Obligations

Northern Light Health recognizes the liability for conditional asset retirement obligations when a legal obligation to perform asset retirement activities exists. The fair value of the liability for the legal obligation associated with an asset retirement is recorded in the period in which the obligation is incurred. When the liability is initially recorded, the cost of the asset retirement is capitalized.

Substantially all of the asset retirement obligations recorded relate to estimated costs to remove asbestos that is contained within Northern Light Health's facilities. The adjustments to the carrying amount of the asset retirement obligation were approximately \$26,000 and \$64,000 in 2022 and 2021, respectively, and were primarily attributable to revised estimates and accretion expense.

Costs of Borrowing

Interest costs incurred on borrowed funds during the period of construction of capital assets, net of investment income on borrowed assets held by trustees, are capitalized as a component of the cost of acquiring those assets. The amount of interest that was capitalized totaled approximately \$1,383,000 and \$2,130,000 in 2022 and 2021, respectively. Deferred financing costs and original issue premiums and discounts are amortized over the period the related obligation is outstanding using the effective interest rate method.

Endowment

Northern Light Health has interpreted state law as requiring realized and unrealized gains of net assets with donor restrictions to be retained in a net asset with donor restriction classification until appropriated by the Board and expended. As a result of this interpretation, Northern Light Health classifies as net assets with donor restrictions (a) the original value of the gifts donated to the endowment when explicit donor stipulations requiring permanent maintenance of the historical fair value are present, and (b) the original value of the subsequent gifts to the endowment when explicit donor stipulations requiring permanent maintenance of the historical fair value are present. The remaining portion of the donor-restricted endowment fund composed of accumulated gains not required to be maintained in perpetuity is classified as net assets with donor restrictions until those amounts are appropriated for expenditure in a manner consistent with the donor's stipulations.

Northern Light Health administers a formal spending policy consistent with state law to appropriate the net appreciation of net assets with donor restrictions as is deemed prudent by the Board considering Northern Light Health's long-term and short-term needs, price-level trends, and general economic conditions. Under this policy, Northern Light Health maintains an annual spending level generally in the range of 3%-6%, with a target of 5%, of each endowment fund's moving five-year average market value. Endowment assets are invested in a manner to generate returns at least equal to the planned spending, plus inflation over the long term. To satisfy its long-term rate-of-return objectives, Northern Light Health targets a diversified asset allocation that places a greater emphasis on equity-based investments within prudent risk constraints. Realized and unrealized gains on net assets with donor restrictions, which are not specifically restricted by donors, are reported as a net asset with donor restrictions until appropriated by the Board and expended.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Patient Service Revenue and Accounts Receivable

Patient service revenue is reported at the amount that reflects the consideration to which Northern Light Health expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, Northern Light Health bills the patients and third-party payors several days after the services are performed or the patient is discharged from the facility. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by Northern Light Health. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. Northern Light Health believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to patients in hospitals receiving inpatient acute care services or patients receiving services in outpatient centers or in their homes. Northern Light Health measures the performance obligation from admission into the hospital or the commencement of an outpatient service, to the point when it is no longer required to provide services to that patient, which is generally at the time of discharge or completion of the outpatient services. Revenue for performance obligations satisfied at a point in time is generally recognized when goods are provided to patients and customers in a retail setting (for example, pharmaceuticals) and Northern Light Health does not believe it is required to provide additional goods or services related to that sale.

Because all of its performance obligations relate to contracts with a duration of less than one year, Northern Light Health has elected to apply the optional exemption provided in FASB ASC 606-10-50-14 (a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. The unsatisfied or partially unsatisfied performance obligations referred to above are primarily related to inpatient acute care services at the end of the reporting period. The performance obligations for these contracts are generally completed when the patients are discharged, which generally occurs within days or weeks of the end of the reporting period.

Northern Light Health determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, and discounts provided to uninsured patients in accordance with Northern Light Health's policy.

Northern Light Health determines its estimates of contractual adjustments and discounts based on contractual agreements, its discount policies, and historical experience. Northern Light Health determines its estimate of implicit price concessions based on its historical collection experience with this class of patients.

Patient and trade accounts receivable are stated at the amount management expects to collect from outstanding balances.

Agreements with third-party payors typically provide for payments at amounts less than established charges. A summary of the payment arrangements with major third-party payors follows:

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Medicare

The acute care medical hospitals are subject to the federal Prospective Payment System (PPS) for Medicare inpatient hospital services, inpatient skilled nursing facility services, inpatient rehabilitation services, and certain outpatient services. Under these prospective payment methodologies, Medicare pays a prospectively-determined per discharge, per day, per procedure, or per visit rate for non-physician services. These rates vary according to the applicable Diagnosis Related Group (DRG), Case-Mix Group, or Resource Utilization Group. Capital costs related to Medicare inpatient PPS services are paid based upon a standardized amount per discharge weighted by DRG. For most outpatient services, Medicare makes payments based upon the Ambulatory Payment Classification (APC) of each patient. Certain other outpatient services are reimbursed according to fee schedules.

Northern Light Maine Coast Hospital, and Northern Light A.R. Gould Hospital participate in a Medicare Rural Community Hospital Demonstration Project and are, therefore, no longer subject to PPS payments for inpatient hospital services and associated capital costs for the duration of this program. During the first fiscal year of the program, Medicare paid for the full reasonable costs incurred for inpatient services provided. The payment for subsequent years is the lesser of reasonable costs or a target amount determined by increasing the first-year program costs by the inpatient prospective payment factor update for each succeeding year. Northern Light Inland Hospital became eligible for Medicare Dependent Hospital status effective October 1, 2019, which provides for payments of inpatient services at the greater of a federal rate or a blend of a hospital specific rate. Effective April 1, 2020, Northern Light Maine Coast Hospital became designated as a sole-community hospital, and as such, receives enhanced outpatient reimbursement and is eligible to participate in the 340B program. Several Northern Light Health hospitals receive Disproportionate Share Hospital payments. These payments are made to qualifying hospitals to cover the costs of providing care to low-income patients.

Providers of home health services to clients eligible for Medicare home health benefits are paid on a prospective basis, with no retrospective settlement. The prospective payment is based on the scoring attributed to the acuity level of the client at a rate determined by federal guidelines. Providers of hospice services to clients eligible for Medicare hospice benefits are paid on a fee-for-service basis, with no retrospective settlement, provided the Agency's aggregate annual Medicare reimbursement is below a predetermined aggregate capitated rate. Revenue is recognized as the services are performed based on the fixed rate amount.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

MaineCare

MaineCare is the State of Maine's Medicaid program. Inpatient reimbursement for acute care medical hospitals is based upon prospectively-determined rates that vary according to the applicable DRG. Capital and physician service costs related to MaineCare inpatient services are paid based on a percentage of allowable costs. For most outpatient services, MaineCare makes payment based upon the APC of the patient. Outpatient physician services are paid on a percentage of allowable costs and certain other outpatient services are reimbursed according to fee schedules. Acute hospitals receive interim payments for capital costs and physician services at a tentative rate with final settlement determined after completion of annual cost reports by the State. Nursing facilities are reimbursed partially on a prospectively-determined per diem rate for direct and routine services together with a fixed cost component that is subject to final settlement determined after completion of an annual cost report by the State.

As a specialty psychiatric hospital facility, Northern Light Acadia Hospital is reimbursed for Medicare inpatient services on a PPS basis. The prospective payment methodology for psychiatric facilities is based on a variable acuity per diem rate. Northern Light Acadia Hospital is reimbursed for MaineCare inpatient services based on a negotiated rate related to established charges. Outpatient services are reimbursed based on a percentage of cost.

Northern Light Blue Hill Hospital, Northern Light CA Dean Hospital, Northern Light Mayo Hospital, and Northern Light Sebasticook Valley Hospital have been granted Critical Access Hospital (CAH) status by the Medicare and MaineCare Programs. Each CAH is reimbursed a percentage of allowable costs for inpatient and outpatient services provided to Medicare and MaineCare patients.

Northern Light Health has entered into various health management contracts. The contracts provide shared gains and losses based on performance against cost benchmarks with adjustments for quality goals.

The State assesses a healthcare provider tax on the revenues of hospitals. The amount of tax assessed to Northern Light Health organizations was approximately \$37,030,000 and \$33,393,000 in 2022 and 2021, respectively. This amount has been reported in supplies and other expenses in the accompanying consolidated statements of operations.

Laws and regulations concerning government programs, including Medicare and MaineCare, are complex and subject to varying interpretation. As a result of investigations by governmental agencies, various healthcare organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which, in some instances, have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation, as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge Northern Light Health's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon Northern Light Health. In addition, the contracts Northern Light Health has with commercial payors also provide for retroactive audit and review of claims.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor, and Northern Light Health's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years become settled or are no longer subject to such audits, reviews, and investigations. Adjustments arising from changes in transaction price in 2022 and 2021 increased patient service revenue by \$10,494,000 and \$7,879,000, respectively.

Consistent with Northern Light Health's mission, care is provided to patients regardless of their ability to pay. Therefore, Northern Light Health has determined it has provided implicit price concessions to uninsured patients and patients with other uninsured balances (for example, copays and deductibles). The implicit price concessions included in estimating the transaction price represent the difference between amounts billed to patients and the amounts Northern Light Health expects to collect based on its collection history with those patients.

Patients who meet Northern Light Health's criteria for charity care are provided care without charge or at amounts less than established rates. Such amounts determined to qualify as charity care are not reported as revenue. Northern Light Health estimates the costs associated with providing charity care by calculating a ratio of total cost to total gross charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of caring for charity care patients was \$13,996,000 and \$12,193,000 for 2022 and 2021, respectively. Funds received from gifts and grants to subsidize charity services provided were \$582,000 and \$405,000 for 2022 and 2021, respectively.

For uninsured patients who do not qualify under the Northern Light Health's sliding fee discount program, Northern Light Health bills the patient based on Northern Light Health's amount generally billed (AGB) for services provided. Patient balances are typically due within 30 days of billing; however, Northern Light Health has entered into payment agreements with patients that allow payments in excess of one year. For those cases, the financing component is not deemed to be significant.

Northern Light Health has determined that the nature, amount, timing, and uncertainty of revenue and cash flows are affected by the following factors: payors, service lines, method of reimbursement, and timing of when revenue is recognized. Tables providing details of these factors are presented in Note 5.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Contributions and Gifts

Unconditional promises to give cash and other assets to Northern Light Health are reported at fair value at the date the promise is received. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using a risk-free rate applicable to the year in which the promise is received. Amortization of the discount is included in contribution revenue. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received and the conditions are met. Gifts are reported as an increase in net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as additions to net assets without donor restrictions in the accompanying consolidated financial statements.

(Deficiency) Excess of Revenue and Gains Over Expenses and Losses

The consolidated statements of operations include (deficiency) excess of revenue and gains over expenses and losses. Changes in net assets without donor restrictions which are excluded from (deficiency) excess of revenue and gains over expenses and losses, consistent with industry practice, include transfers of assets to and from affiliates for other than goods and services, pension and postretirement plan adjustments, and contributions of long-lived assets (including assets acquired using contributions which, by donor restriction, were to be used for the purposes of acquiring such assets).

Other Revenue (Losses)

Investment (losses) income on operating assets without donor restrictions is included in other revenue in the year earned. Grant revenue, meaningful use incentives, 340B drug discount program revenue, cafeteria sales, and gift shop revenue are also included in other revenue.

Income Taxes

Northern Light Health, its hospitals, and certain other affiliates have been determined by the Internal Revenue Service to be tax-exempt charitable organizations as described in Section 501(c)(3) or 501(c)(2) of the Internal Revenue Code (the Code) and, accordingly, are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for federal income taxes has been recorded in the accompanying consolidated financial statements for these organizations.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Tax-exempt charitable organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items, including unrelated business income or tax status. Under guidance issued by FASB, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. Northern Light Health has evaluated its tax position taken or expected to be taken on income tax returns and concluded the impact to be not material.

Certain of Northern Light Health's affiliates are taxable entities. Deferred taxes related to these entities are based on the difference between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect in the years the differences are expected to reverse. The deferred tax assets and liabilities for these entities are not material.

Accrual for Self-Insurance Liabilities

The liabilities for outstanding losses and loss-related expenses include estimates for professional and general liability losses incurred, but not reported, as well as losses pending settlement. Insurance recoveries are included in other assets and are not netted against the liability. Such liabilities are necessarily based on estimates, and while management believes that the amounts provided are adequate, the ultimate liability may be in excess of or less than the amounts provided. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The methods for making such estimates and the resulting liability are actuarially reviewed on an annual basis and any adjustments are reflected in operations during the related period.

Northern Light Health also estimates and records a liability for claims incurred, but not reported for employee health and dental benefits provided through self-insured plans. The liability is estimated based on prior claims experience and the expected time period from the date such claims are incurred to the date the related claims are submitted and paid.

Accounting for Defined Benefit Pension and Other Postretirement Plans

Northern Light Health recognizes the overfunded or underfunded status of its defined benefit and postretirement plans as an asset or liability in its consolidated balance sheets. Certain changes in the funded status of the plans are reported as a change in net assets without donor restrictions presented below the (deficiency) excess of revenue and gains over expenses and losses in the consolidated statements of operations and changes in net assets in the year in which the changes occur.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

COVID-19

In March 2020, the World Health Organization declared coronavirus disease (COVID-19) a global pandemic and the United States federal government declared COVID-19 a national emergency. Northern Light Health implemented an emergency response to ensure the safety of its patients, staff, and the community. In an effort to reduce the spread of COVID-19 and in response to the urging of the Centers for Disease Control and Prevention and the U.S. Surgeon General, elective and non-urgent care was postponed beginning in mid-March of 2020. Additional factors in this decision were the effort to reduce personal protective equipment (PPE), which was in critically short supply worldwide. Due to the potential need for additional hospital beds, certain member hospitals requested and were approved by the State of Maine DHHS to temporarily increase licensed beds by 123 in total. The temporary licensed bed increase has been extended to continue until Maine's COVID-19 public health emergency has ended.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act established the Provider Relief Fund (PRF), PRF Phase 4 funds and American Rescue Plan (ARP) Rural payments to support healthcare providers in the battle against the COVID-19 outbreak. The PRF is being administered by the U.S. Department of Health and Human Services. The Organization has received \$32,570,088 in ARP Rural payments and \$19,904,224 in PRF Phase 4 payments during the year ended September 30, 2022. The Organization received PRF in the amount of \$72,866,131 during the year ended September 30, 2021. PRF funds are to be used for qualifying expenses and to cover lost revenue due to COVID-19. The PRF are considered contributions and are recognized in other revenue when qualifying expenditures or lost revenues have been incurred. Management believes the Organization met the conditions necessary to recognize contributions of \$52,474,312 and \$82,640,926 during the years ended September 30, 2022 and 2021, respectively. Management believes the position taken is a reasonable interpretation of the rules currently available. Due to the complexity of the reporting requirements and the continued issuance of clarifying guidance, there is at least a reasonable possibility the amount of income recognized related to the lost revenues may change by a material amount. Any difference between amounts previously estimated and amounts subsequently determined to be recoverable or payable will be included in income in the year that such amounts become known.

In 2020, Northern Light Health received approximately \$178,051,000 in funds from the Medicare Accelerated and Advance Payment Program, which represent working capital financing which will be repaid through the provision of future services to the Medicare program. Beginning in April 2021, 25% of Medicare payments due Northern Light Health were withheld to offset the liability. Beginning in March 2022, the withheld amount was raised to 50% for amounts remaining. In 2022, CMS offered an extended repayment plan of the remaining balance. Northern Light Health agreed to various repayment plans, beginning in November 2022 and ending September 2023. The repayment plan withholds an equal amount from remittances for each month of the period until the balance is satisfied. Interest is assessed at 4% of the outstanding balance over the repayment period. Amounts to be repaid are included in current liabilities on the consolidated balance sheet as of September 30, 2022 and 2021, respectively.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The CARES Act also provided for an extension of time to remit payroll taxes for the period beginning March 27, 2020 and ending before January 1, 2021. Repayment is allowed over a two-year period with half due by December 31, 2021 and the remainder due by December 31, 2022. Deferred payroll taxes included in accrued expenses and other current liabilities total \$15,800,000 and \$31,500,000 at September 30, 2022 and 2021, respectively.

Subsequent Events

For purposes of the preparation of these consolidated financial statements, Northern Light Health has considered transactions or events occurring through January 20, 2023, which was the date that the financial statements were issued.

Subsequent to September 30, 2022, Northern Light Health negotiated a master services agreement with an outside vendor relating to the provision of certain operational functions including revenue cycle management, information systems, inpatient care management, analytics, enterprise project management, and supply chain. If this transaction is completed as contemplated, the employment of approximately 1,400 employees involved in these operational areas would transfer to the vendor in the first half of calendar 2023.

3. Liquidity and Availability of Financial Assets

As of September 30, 2022 and 2021, Northern Light Health has a working average days (based on normal expenditures) cash (from all sources) on hand of 75.20 and 135.84, respectively.

Financial assets available for general expenditures within one year of the balance sheet date consist of the following (dollars in thousands):

	<u>2022</u>	<u>2021</u>
Cash and cash equivalents Short-term investments Accounts receivable Estimated third-party payor settlements Other receivables	\$ 100,095 253,230 107,162 16,864	155,119 263,138 116,651
	\$ <u>477,351</u>	\$ <u>709,869</u>

Northern Light Health has other assets whose use is limited to use for donor-restricted purposes, debt service, and for the professional and general liability insurance program. Additionally, certain other Board-designated assets are designed for future capital expenditures and an operating reserve. These assets whose use is limited, which are more fully described in Note 6 are not for general expenditure within the next year and are not reflected in the amounts above. However, the Board-designated amounts could be made available, if necessary.

Northern Light Health maintains lines of credit totaling approximately \$150 million, as discussed in more detail in Note 9. As of September 30, 2022, approximately \$142 million remained available on the lines of credit. Management regularly monitors liquidity required to meet its operating needs and other contractual commitments.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

4. Community Benefit

Northern Light Health provides a wide range of free or reduced cost programs and services to those in need of care, injured, or disabled. In addition, a vital role of Northern Light Health is to work in partnership with others to assess community needs and improve population health through prevention and intervention efforts.

Community benefits are provided via a broad range of community health improvement efforts. They are programs, services, and investments designed to improve the health of our communities and increase access to healthcare in response to identified community health needs. These benefits are designed to improve access to healthcare services, enhance the health of the community, advance medical or healthcare knowledge, and relieve or reduce the burden of government or other community efforts.

Community benefit activities are integral to the mission of Northern Light Health and are the basis of tax exemption. Northern Light Health provides community benefit in the form of community health improvement services, health professions education, research, cash and in-kind donations, community building activities, and low or no cost healthcare services to uninsured patients. Northern Light Health and its member organizations strive to improve population health and promote wellness for all who live, play, learn, and work in Northern Light Health communities through community benefit contributions.

Northern Light Health's community health improvement services focus on ways to improve the health of communities outside the traditional walls of facilities and services. Community health improvement services respond to health needs in the communities it serves by providing community health education in the form of presentations, lectures, programs, and wellness initiatives such as nutritional improvement, physical activity, and substance use prevention provided to schools, community groups, support groups, and others. Community-based clinics provide health screenings in the community. Healthcare support services focus on increasing access and quality of healthcare, especially to those living in poverty and other vulnerable populations. Social and environmental improvement activities address social, economic, and physical environment such as improving availability of healthy food options, violence prevention, and economic development activities.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

5. Net Patient Service Revenue

Net patient service revenue for the years ended September 30, 2022 and 2021 consisted of the following (dollars in thousands):

	<u>2022</u>	<u>2021</u>
Gross patient service revenue Inpatient services Outpatient services	\$ 1,640,349 <u>3,006,963</u>	\$ 1,606,381 2,780,329
Gross patient service revenue	4,647,312	4,386,710
Less contractual allowances Less charity care	(2,815,663) (35,839)	(2,578,935) (34,627)
	(2,851,502)	(2,613,562)
Net patient service revenue	\$ <u>1,795,810</u>	\$ <u>1,773,148</u>

In assessing collectability, Northern Light Health has elected the portfolio approach. This portfolio approach is being used as Northern Light Health has a large volume of similar contracts with similar classes of customers. Northern Light Health reasonably expects that the effect of applying a portfolio approach to a group of contracts would not differ materially from considering each contract separately. Management's judgment to group the contracts by portfolio is based on the payment behavior expected in each portfolio category. As a result, aggregating all of the contracts (which are at the patient level) by the particular payor or group of payors, will result in the recognition of the same amount of revenue as applying the analysis at the individual patient level.

The composition of patient care service revenue based on payor, service line, and method of reimbursement for the years ended September 30, 2022 and 2021 is as follows:

	September 30, 2022							
		Home Care And						
		<u>Inpatient</u>	<u>C</u>	<u> Dutpatient</u>	<u> Hospice</u>			<u>Total</u>

Annuity Agreements

Northern Light Health has entered into various charitable gift annuity agreements with donors with the assets held in trust and administered by Northern Light Health. These assets are included in assets whose use is limited or restricted in the accompanying consolidated balance sheets and totaled approximately \$1,247,000 and \$1,605,000 at September 30, 2022 and 2021, respectively. A contribution is recognized at the date the agreement is established. Liabilities associated with the agreements are recorded at the present value of estimated future payments to be made to the donors. The liabilities are included in noncurrent liabilities and accrued expenses in the accompanying consolidated balance sheets and totaled approximately \$762,000 and \$749,000 at September 30, 2022 and 2021, respectively.

7. Property and Equipment

At September 30, 2022 and 2021, property and equipment consisted of the following (dollars in thousands):

,	<u>2022</u>	<u>2021</u>

Net property and equipment	\$ <u>829,522</u>	\$ <u>795,667</u>

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Northern Light Health and its affiliates have commitments for facility expansions and other projects totaling approximately \$86,870,000 at September 30, 2022.

Construction in progress includes projects for Acadia Hospital, Blue Hill Hospital, CA Dean Hospital and Maine Coast Hospital. The total cost of these projects is expected to be approximately \$107,600,000. At September 30, 2022, there was approximately \$18,000,000 in construction in progress, and \$73,500,000 in construction commitments. All four projects are expected to be completed at various times through 2024.

On November 15, 2022, Acadia Hospital, Blue Hill Hospital, CA Dean Hospital, and Maine Coast Hospital issued \$79,130,000 in notes payable to secure tax-exempt Series 2022C revenue bonds issued by the Maine Health and Higher Educational Facilities Authority to fund the projects with the remaining funded by philanthropic efforts.

Also included in construction in progress are amounts related to the Enterprise Resource Planning (ERP) transformation and the Electronic Health Record (EHR) implementation. The ERP is a tool to manage core business, financial, supply chain, and human resource processes across a single, integrated system. The EHR integrates each patient's medical history, test results, clinicians' notes, plan of care, and revenue cycle in a single record accessible throughout Northern Light Health. The total costs of the projects are expected to be approximately \$134,000,000. During 2022, Strata budgeting and payroll with absence management transition to Infor began and will continue into 2023. Management expects the EHR implementation will continue to be rolled out over the next several years.

At September 30, 2022 and 2021, \$11,595,000 and \$7,710,000, respectively, of property and equipment purchases and costs related to construction projects were included in accounts payable.

Property and equipment include a building and equipment recorded under right-of-use lease assets - finance leases totaling \$12,211,000 and \$3,884,000 with related accumulated amortization of \$2,441,000 and \$906,000 at September 30, 2022 and 2021, respectively.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

8. <u>Intangibles and Other Assets</u>

At September 30, 2022 and 2021, intangibles and other assets consisted of the following (dollars in thousands):

		<u>2022</u>		<u>2021</u>
Investments in joint ventures: LTC, LLC interests Advanced Collections Services, LLC County Physical Therapy, LLC LifeFlight of Maine, LLC MedComm, LLC Other joint ventures	\$ 	3,169 - 535 10,276 72 519	\$	3,882 490 353 5,343 (73) 1,215

	\$	28,188	\$	24,765

Northern Light Health's share of earnings in its joint ventures totaled \$6,245,000 and \$4,800,000 for the years ended September 30, 2022 and 2021, respectively. Distributions from these joint ventures totaled \$2,884,000 and \$1,400,000 for the years ended September 30, 2022 and 2021, respectively. In 2021, Northern Light Health increased its investment in joint ventures by \$60,000.

During the ordinary course of business, Northern Light Health may provide services to various joint ventures. This income is included in sales and contract revenue and was not material in 2022 and 2021.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Northern Light Health entities own 50% interests in several joint venture entities (except for a 33.3% interest in Penobscot Logistics Solutions, LLC). The Penobscot Logistics Solutions, LLC building was sold in April, 2022 and the partnership is being dissolved. Notes to Consolidated Financial Statements

September 30, 2022 and 2021

EMHS Obligated Group

In conjunction with the issuance of the 2016 bonds, the majority of the not-for-profit healthcare providers in Northern Light Health became part of the EMHS Obligated Group. The purpose of the obligated group is to simplify the debt structure of Northern Light Health and to allow Northern Light Health to make capital available to members with lower costs of capital and less restrictive debt covenants. The members of the EMHS Obligated Group are jointly liable for the debt service on the obligations issued under the Master Trust Indenture for the EMHS Obligated Group. On September 30, 2022 and 2021, the EMHS Obligated Group had obligations totaling approximately \$498,241,000 and \$511,242,000, respectively, which are covered under the Master Trust Indenture.

Debt obligations issued under the Master Trust Indenture require that the EMHS Obligated Group on a consolidated basis satisfy certain measures of financial performance (including a minimum debt service coverage ratio) as long as the obligations are outstanding. The EMHS Obligated Group debt service coverage ratio at September 30, 2022 is below the required level. In accordance with the Master Trust Indenture, a consultant has been retained to provide recommendations to achieve compliance with the ratio. The EMHS Obligated Group complied with such covenants at September 30, 2021.

Bonds Payable

Series 2021A Bonds — On May 1, 2021, Mercy Hospital issued \$83,370,000 in notes payable to secure tax-exempt revenue bonds issued by the Maine Health and Higher Educational Facilities Authority (the Authority) for the purpose of refunding the Series 2020 bonds and Series 2015 note. The Series 2021A bonds are collateralized by a security interest in its gross receipts and a mortgage lien.

Series 2021B Bonds — On May 1, 2021, EMMC issued \$156,870,000 in notes payable to secure taxable revenue bonds issued by the Authority for the purpose of refunding the Series 2013 bonds. The 2021B bonds are collateralized by a security interest in its gross receipts and a mortgage lien.

Series 2020 Bonds — On September 1, 2020, Mercy Hospital issued \$45,400,000 in notes payable to secure tax-exempt revenue bonds issued by the Authority for the purpose of consolidating its hospital campus at its Fore River location. The Series 2020 bonds are collateralized by a security interest in its gross receipts. In 2021, the Series 2020 bonds were refinanced by the Series 2021A bonds.

Series 2019C Bonds — On November 1, 2019, Eastern Maine Medical Center issued \$42,350,000 in notes payable to secure tax-exempt revenue bonds issued by the Authority for the purpose of refunding the Series 2010A bonds. The Series 2019C bonds are collateralized by a security interest in its gross receipts.

Series 2017B Bonds — On December 1, 2017, Inland Hospital and Lakewood issued \$7,310,000 in notes payable to secure tax-exempt revenue bonds issued by the Authority for the purpose of refunding the Series 2007B bonds. The Series 2017B bonds are collateralized by substantially all of the real property of Inland Hospital and Lakewood and a security interest in their gross receipts.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Series 2016A Bonds and Series 2016B Taxable Bonds – On July 13, 2016, the EMHS Obligated Group issued \$170,825,000 in notes payable to secure tax-exempt Series 2016A revenue bonds issued by the Authority and \$79,450,000 in a Series 2016B Taxable Note pursuant to the Master Trust Indenture with U.S. Bank National Association as trustee. The 2016A bonds were issued for the second phase of the EMMC expansion and modernization project, expansion and modernization of an ambulatory care facility at CA Dean, and refunding of A.R. Gould Series 2012A bonds, A.R. Gould and Blue Hill Series 2010A bonds and Maine Coast Series 2008D, 2011C, and 2013A bonds. The 2016B bonds were issued for the purpose of refinancing certain line of credit borrowings and term loan indebtedness of Northern Light Health and other members of the Obligated Group, paying swap termination fees and financing certain transition costs related to members of the Obligated Group. The Series 2016A and 2016B bonds are collateralized by a security interest in the gross receipts of all members of the Obligated Group, as well as mortgages and/or security interests in certain real and/or personal property of certain members of the Obligated Group.

The obligations under the 2016A and 2016B debt instruments were allocated to each of the members of the Obligated Group based on the member's percentage interest in the obligation.

Series 2015A Bonds — In 2015, Inland issued \$902,000 in notes payable to secure tax-exempt revenue bonds issued by the Authority for the purpose of refunding the Series 2006A bond. The Series 2015A bonds are collateralized by substantially all of the real property of Inland and a security interest in its gross receipts.

Series 2015 Note and Series 2015 Taxable Note — These notes were issued in conjunction with the consolidation of the Mercy Health System of Maine Obligated Group into the EMHS Obligated Group. The notes are collateralized under the 2015 EMHS Obligated Group Supplemental Master Trust Indenture by a first priority security interest in gross revenues and accounts receivable and a mortgage of certain EMHS Obligated Group facilities. In 2021, the Series 2015 note was refinanced by the Series 2021A bonds.

Series 2013 Bonds — In 2013, EMMC issued \$143,900,000 in notes payable to secure tax-exempt revenue bonds issued by the Authority for the purpose of financing a portion of the first phase of the expansion and modernization project. The Series 2013 bonds are collateralized by a security interest in its gross receipts, equipment, and a mortgage lien on its main campus. In 2021, the Series 2013 bonds were refinanced by the Series 2021B bonds.

Finance Authority of Maine 2013 Bonds — In 2013, SVH issued \$10,500,000 in notes payable to secure tax-exempt revenue bonds issued by the Finance Authority of Maine for the purpose of financing construction costs and refunding existing debt. The Series 2013 bonds are collateralized by a security interest in the pledged receipts.

Installment Loans

Several Northern Light Health affiliates have mortgages, notes payable, and installment loans outstanding totaling \$6,240,000 and \$9,359,000 at September 30, 2022 and 2021, respectively.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The notes bear interest at rates ranging between 3.270% and 5.000% per annum and are payable through 2026.

Letters and Lines of Credit

Northern Light Health obtained a \$75,000,000 non-revolving line of credit arrangement with interest of 3.833% at September 30, 2022. The purpose of the line of credit is to increase available working capital funds needed due to COVID-19. The line of credit is collateralized pursuant to the terms of the Master Trust Indenture for the Northern Light Health Obligated Group and is set to expire on July 14, 2023. There were no borrowings in 2022.

Northern Light Health obtained a \$75,000,000 non-revolving line of credit arrangement with interest of 4.569% at September 30, 2022. The purpose of the line of credit is to increase available working capital funds needed due to COVID-19. The line of credit is collateralized pursuant to the terms of the Master Trust Indenture for the Northern Light Health Obligated Group and is set to expire on July 15, 2023. There were \$8,245,000 of borrowings outstanding at September 30, 2022 and 2021.

Beacon Health, LLC, EMMC and Mercy have letter of credit agreements with various maturities and interest rates. Maximum available borrowings under the agreements are \$1,859,254 and \$5,221,369 at September 30, 2022 and 2021, respectively. There were no borrowings outstanding at September 30, 2022 and 2021.

Principal Payments

Principal payments required on long-term debt, excluding lease obligations (see Note 16), for the next five years and thereafter, are as follows (dollars in thousands):

	<u>Bonds</u>	<u>Oth</u>	er Debt		<u>Total</u>
Years Ending September 30:					
2023 2024 2025 2026 2027 Thereafter	\$ 14,482 14,684 15,197 15,701 16,248 421,929	\$	3,055 1,855 875 455 -	\$	17,537 16,539 16,072 16,156 16,248 421,929
Total	\$ 498,241	\$	6,240	\$_	504,481

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

10. Net Assets with Donor Restrictions

At September 30, net assets with donor restrictions of temporary duration are available for the following purposes (dollars in thousands):

	<u>2022</u>		<u>2021</u>
Cancer care	\$ 4,1	33 \$	4,411
Capital projects	25,6	34	18,147
Charity care	6,8	87	8,803
Education and research	1,9	55	2,473
Women's and children's care	1,8	76	2,443
Other healthcare services	14,1	90	20,349
Total	\$ <u> </u>	75 \$	56,626

At September 30, net assets with donor restrictions of permanent duration with restricted income are available for the following purposes (dollars in thousands):

	<u>2022</u>		<u>2021</u>
Cancer care	\$ 3,420	\$	3,283
Capital projects	2,192		2,192
Charity care	3,923		3,899

Other healthcare services	12,488	_	11,739
Total	\$ <u>23,657</u>	\$_	22,617

At September 30, net assets with donor restrictions of permanent duration with Board designated income are available for the following purposes (dollars in thousands):

	<u>2022</u>	<u>2021</u>
Capital projects Other healthcare services	\$ 2,158 12,024	\$ 2,786 15,153
Total	 14,182	 17,939
Total net assets with donor restrictions	\$ 92.514	\$ 97,182

Endowment Funds

Northern Light Health's endowment funds were established for a variety of purposes. Endowment funds include both donor-restricted endowment funds and funds designated by the Board to function as endowment. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires Northern Light Health to retain as a fund in perpetuity. At September 30, 2022 and 2021, there were no funds with deficiencies.

Endowment Net Asset Composition and Changes in Endowment Net Assets

A summary of the endowment net asset composition by type of fund at September 30, 2022 and 2021, and the changes therein for the years then ended, is as follows (dollars in thousands):

	<u>S</u>	eptember 30, 202	<u>22</u>

11. Self-Insurance and Other Contingencies

Professional and General Liability

Northern Light Health maintains a deductible program with underlying coverage provided by Medical Mutual Insurance Company of Maine and excess insurance coverage provided by various commercial insurance companies. The program serves as a mechanism to fund deductibles with funding determined by independent actuarial projections. For both professional and general liability, the program provides total limits of \$2,000,000 per claim and \$16,000,000 in the aggregate, subject to a deductible of \$1,000,000 per claim and \$6,000,000 in the aggregate. Additional excess coverage has been obtained. At September 30, 2022 and 2021, there were no known claims outstanding, which in the opinion of management, will be settled in excess of insurance coverage.

The investment assets and accrued self-insurance reserves of the professional and general liability trust were \$46,436,000 and \$42,710,000, respectively, as of September 30, 2022; and \$48,546,000 and \$35,557,000, respectively, as of September 30, 2021.

Workers' Compensation

Northern Light Health maintains a common trust fund for a group workers' compensation program in accordance with the Maine Workers' Compensation Act. Because the common trust fund is regulated by the Maine Bureau of Insurance, neither the assets nor the liabilities of the trust are reflected in the accompanying consolidated financial statements. The assets of the trust were approximately \$14,928,000 and \$19,038,000 and the liabilities were approximately \$14,399,000 and \$17,702,000 at September 30, 2022 and 2021, respectively.

Employee Health Benefits

Employee health and dental benefits are provided through partially self-insured plans or commercially-acquired programs. The self-insured medical plan had stop loss coverage that provides reimbursement for claims other than those paid within Northern Light Health in excess of \$1,000,000 per individual as of September 30, 2022 and 2021.

Other Contingencies

Northern Light Health is party in various legal proceedings and potential claims arising in the ordinary course of business. In addition, the healthcare industry as a whole is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations is subject to government review and interpretation, as well as regulatory actions, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenue, from patient services and exclusion from the Medicare and

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Medicaid programs. Such compliance in the healthcare industry has recently come under increased governmental scrutiny. Management does not believe that these matters will have a material adverse effect on Northern Light Health's consolidated financial position or results of operations.

12. Pension and Postretirement Healthcare Plans

Cash Balance Plan

Employees of certain Northern Light Health affiliates participate in a Defined Benefit, Cash Balance Plan (the Plan). At the close of every calendar year, participating employers credit the employee's core account with a contribution based on eligible pay, age, and years of credited service. The employee must be at least 21 years of age and have worked 1,000 hours in the current calendar year to receive the contribution for that year. The funding policy of the Plan is to make contributions at least equal to the minimum amount required under the law.

The following table sets forth the Plan's funded status and amounts recognized in the consolidated balance sheets at September 30, 2022 and 2021 (dollars in thousands):

	<u>2022</u>		<u>2021</u>	
Change in benefit obligation Benefit obligation – beginning of year Service cost Interest cost Benefits paid Actuarial (gain) loss Net change in individual accounts	\$ 	445,368 23,971 11,722 (25,341) (94,948) (899)	\$	426,224 23,055 10,261 (23,208) 8,031 1,005
Benefit obligation – end of year	\$	359,873	\$	445,368
Change in Plan assets Fair value of Plan assets – beginning of year Actual (loss) return on Plan assets Employer contribution Benefits paid Net change in individual accounts	\$	319,099 (59,469) 16,900 (25,341) (899)	\$	269,977 36,015 35,310 (23,208) 1,005
Fair value of Plan assets – end of year	\$	250,290	\$	319,099
Funded status at end of year	\$	(109,583)	\$	(126,269)
Cumulative amounts recognized in other changes in unrestricted net assets Prior-service costs Actuarial loss	\$ 	30 118,827	\$	40 142,745
Total recognized in other changes in net assets without donor restrictions	\$ <u></u>	<u>118,857</u>	\$	142,785

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Prepaid benefit cost	\$ <u> </u>	\$ <u> 16,516</u>
Accumulated benefit obligation	\$ <u>331,907</u>	\$ 396,258

Northern Light Health's contribution to the Plan for 2022 and 2021 exceeded amounts required by the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Adjusted Funding Target Attainment Percentage under ERISA was 103% and 101% at September 30, 2022 and 2021, respectively. As a result, the Plan is not subject to ERISA benefit restrictions.

For the years ended September 30, 2022 and 2021, net periodic pension cost for the Plan included the following components (dollars in thousands):

	<u>2022</u>	<u>2021</u>
Service cost for benefits earned during the year Interest cost on projected benefit obligation Expected return on Plan assets Amortization of prior service (credit) cost Amortization of net loss	\$ 23,971 11,722 (22,447) 10 10,885	\$ 23,055 10,260 (21,419) 10 11,388
Net periodic pension benefit cost	\$ <u>24,141</u>	\$ <u>23,294</u>

Net periodic pension costs of \$169,739 and \$239,587 are reported in other gains (losses) for the years ended September 30, 2022 and 2021, respectively. Service cost is reported in compensation and employee benefits in the statement of operations.

The significant (gains) losses related to changes in the benefit obligation for the years ended September 30, 2022 and 2021 were primarily due to the change in the discount rate assumption.

The following table sets forth the weighted-average assumptions used in determining the benefit obligations at September 30, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Discount rate	5.60%	2.75%
Rate of increase in future compensation	3.00	3.00
Cash balance interest credit rate	4.50	4.50

The following sets forth the weighted-average assumptions used to determine net periodic benefit cost for the years ended September 30, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Discount rate	2.75%	2.50%
Rate of increase in future compensation	3.00	3.00
Expected long-term rate of return on plan assets	7.50	7.50

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The discount rate represents an estimate of the rate at which the pension benefits could be "effectively" settled. The rate of compensation increase represents a best estimate of long-term pay increases and reflects an inflation expectation consistent with the discount rate. The long-term rate of return on Plan assets represents an estimate of the rate of return on current assets, taking into account the Plan's asset allocation, and also reflects an inflation expectation consistent with the discount rate.

Northern Light Health expects to make \$22,100,000 in contributions to the Plan during 2023. In addition, the following benefit payments, which reflect expected future services, as appropriate, are expected to be paid during the years ending (dollars in thousands):

2023	\$ 29,886
2024	29,216
2025	27,652
2026	31,370
2027	31,240
2028 – 2031	164,930

Northern Light Health has adopted a moderately growth-oriented investment policy for the Plan. It is anticipated that as the Plan matures, the policy should move toward a more conservative posture. Northern Light Health's overall strategy is to invest in high-grade securities and other assets with a minimum risk of market value fluctuation. In general, Northern Light Health's goal is to maintain the following allocation ranges:

	<u>Minimum</u>	Allocation % <u>Target</u>	<u>Maximum</u>
Public Equity	44%	54%	64%
Liability Hedging Assets	30	40	50
Multi Asset	-	4	10
Cash	-	2	10

Defined Contribution Plans

Certain of Northern Light Health's affiliates sponsor defined contribution plans, which cover substantially all of their employees, and certain hospital-based physicians meeting the Plans' participation requirements. Expense for the years ended September 30, 2022 and 2021 was approximately \$16,732,000 and \$16,245,000, respectively. The affiliates fund the amount of the expense annually.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Deferred Compensation Plans

Several of Northern Light Health's affiliates sponsor deferred compensation plans for eligible employees and supplemental executive retirement plans (SERPs) for certain executives. Assets held by Northern Light Health to provide for the payments of contractual liabilities are subject to the claims of Northern Light Health's general creditors. The assets are invested in temporary cash investments, institutional mutual funds, and common/collective trusts. The investment assets and related liabilities of the deferred compensation and SERPs were \$54,195,000 and \$53,824,000, respectively, as of September 30, 2022; and \$67,083,000 and \$65,301,000, respectively, as of September 30, 2021.

Postretirement Medical Benefits

Various Northern Light Health organizations provide certain medical benefits for retired employees. Employees of these various participating organizations may become eligible for these benefits if they reach normal retirement age while working for such organizations. Early retirement benefits are available to retirees with at least 15 years of vested service. Employees at participating organizations hired after January 1, 2005 and the employees of a nonparticipating company are not eligible for retiree medical benefits. The postretirement medical plan is not funded.

For the years ended September 30, 2022 and 2021, net periodic postretirement medical benefit cost consists of the components listed below (dollars in thousands):

	<u>20</u>	<u>)22</u>	<u>20</u>	<u>021</u>
Service cost for benefits attributed to service during the year Interest cost on accumulated postretirement benefit obligation Amortization of prior service credit and actuarial gain	\$	72 833 374	\$	91 937 479
Net periodic postretirement medical benefit cost	\$ <u></u>	<u>1,279</u>	\$	1,507

Net periodic postretirement medical benefit cost of \$1,206,000 and \$1,416,000 are reported in other gains (losses) for the years ended September 30, 2022 and 2021, respectively. Service cost is reported in compensation and employee benefits in the statement of operations.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The following table sets forth the components of the accumulated postretirement benefit obligation shown in Northern Light Health's consolidated financial statements at September 30, 2022 and 2021 (dollars in thousands):

	:	<u> 2022</u>	<u>2021</u>
Change in postretirement benefit obligation Benefit obligation – beginning of year Service cost Interest cost Benefits paid Actuarial gain	\$	31,208 72 833 (1,691) (7,034)	\$ 38,478 91 937 (1,710) (6,588)
Benefit obligation at September 30	\$	23,388	\$ 31,208
Cumulative amounts recognized in other changes in net assets without donor restrictions Prior-service costs Actuarial gain	\$	1,294 (10,901)	\$ 1,774 (3,973)
Total recognized in other changes in net assets without donor restrictions	\$	<u>(9,607)</u>	\$ (2,199)
Accrued benefit obligation	\$	32,995	\$ 33,407

Approximately \$1,837,000 and \$1,843,000 of the benefit obligation is included in current liabilities at September 30, 2022 and 2021, respectively.

The significant gain related to changes in the benefit obligation for the year ended September 30, 2022 was primarily due to the increase in the discount rate and claims experience being lower than expected.

In determining the accumulated postretirement medical benefit obligation, Northern Light Health used discount rates of 5.60% in 2022 and 2.75% in 2021. The Plan assumed annual rates of inflation in the per capita cost of covered healthcare benefits. The rates are assumed to decrease gradually down from 6.75% to 4.00% on a graded scale, becoming fixed in 2026.

Northern Light Health expects to contribute \$1,888,000 to the postretirement benefit plan during 2023.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The following benefit payments, which reflect expected future services, as appropriate, are expected to be paid during the years ending (dollars in thousands):

Years Ending September 30:

2023	\$ 1,888
2024	1,870
2025	1,847
2026	1,845
2027	1,832
2028 – 2031	8.975

Pension and Postretirement Plan-Related Adjustments

The components of pension and postretirement plan-related adjustments included in other changes in net assets without donor restrictions, net of amortization are as follows (dollars in thousands):

		Postretirement	
	Cash	Medical	
	<u>Balance Plan</u>	<u>Benefits</u>	<u>Total</u>
For the year ended September 30, 2022 Prior service costs Net actuarial gain Amortization of net actuarial gain (loss)	\$ 10 13,033 10,884	\$ 479 7,034 <u>(105</u>)	\$ 489 20,067 10,779
	\$ <u>23,927</u>	\$ <u>7,408</u>	\$ <u>31,335</u>
For the year ended September 30, 2021 Prior service costs	\$ 10	\$ 478	\$ 488
Net actuarial gain Amortization of net actuarial gain	6,565 <u>11,388</u>	6,588 	13,153 11,388
	\$ <u>17,963</u>	\$ <u>7,066</u>	\$ <u>25,029</u>

13. Concentrations

Receivables

Various Northern Light Health affiliates grant credit without collateral to their patients, many of whom are insured under third-party payor agreements. At September 30, the accounts receivable from patients and third-party payors, net of contractual allowances, were as follows:

	<u>2022</u>	<u>2021</u>
Medicare and MaineCare	27%	24%
Commercial and other insurance	54	51
Patients	<u>19</u>	<u>25</u>
	<u>100</u> %	<u>100</u> %

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Labor Force

Certain Northern Light Health hospitals have employees that are members of the Maine State Nurses Association and/or Teamsters Union. Approximately 19% to 23% of the workforce at each; EMMC, Maine Coast, and AR Gould, have contracts expiring at various times through January 2026.

14. Fair Value Measurements

GAAP establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Level 1 — Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 — Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 — Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The following tables present the carrying amounts and estimated fair value for Northern Light Health's financial assets and liabilities as of September 30, 2022 and 2021 (dollars in thousands):

Fair Value Measurements at September 30, 2022						2022

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value (dollars in thousands):

	Ir	eneficial hterest in Perpetual Trust	Tru Cha	erest in ist and aritable Annuities		<u>Total</u>
Balance at September 30, 2020	\$	15,427	\$	1,690	\$	17,117
Contributions Distributions Dividends, net of fees Unrealized gains		- - - 2,512		90 (131) 11 259		90 (131) 11 <u>2,771</u>
Balance at September 30, 2021		17,939		1,91 <u>9</u>	_	19,858
Contributions Distributions Dividends, net of fees Unrealized gains	_	- - - (3,757)		100 (208) 101 (544)		100 (208) 101 (4,301)
Balance at September 30, 2022	\$	14,182	\$	1,368	\$	<u> 15,550</u>

Unrealized gains or losses on beneficial interest in perpetual trusts in Level 3 are included in the change in net unrealized gains or losses on investments in net assets with donor restrictions. Unrealized gains or losses on interest in trusts and charitable gift annuities in Level 3 are included in net unrealized gains or losses on investments in net assets with donor restrictions. Unrealized gains or losses on other equity investments in Level 3 are included in change in net unrealized gains or losses on investments in investment income.

Fair values of investments are provided by investment custodians, trustees, managers, or advisors. The following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Cash Investments — The carrying value of cash investments approximates fair value as maturities are less than three months and/or include money market funds that are based on quoted prices and actively traded.

Pledges and Other Receivables — These are valued at the present value of cash expected to be collected in future years, discounted using a risk-free rate applicable to the year in which the pledge is received. Discount rates ranged from 3.90% to 4.12% at September 30, 2022 and 0.27% to 0.93% at September 30, 2021.

Marketable Equity Securities — The fair values of marketable securities are based on quoted market prices.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Guaranteed Investment Contracts (GICs) — The estimated fair values of GICs approximate historical costs, as rates of return approximate current market rates.

Mutual Funds — The fair values of mutual funds and institutional mutual funds are based on quoted market prices.

Fixed-Income Securities — The estimated fair values of debt securities are based on quoted market prices and/or other market data for the same or comparable instruments and transactions.

Interest in Trusts and Charitable Gift Annuities — The fair values of the interest in trusts and charitable gift annuities are based on the underlying assets of the trusts and charitable gift annuities reported by the trustees, which all have readily determinable fair values based on quoted market prices of identical or comparable securities. The underlying investments are not readily available to Northern Light Health and therefore this is considered to be a Level 3 investment.

Beneficial Interest in Perpetual Trusts — The fair values of the beneficial interest in perpetual trusts are based on the underlying assets of the trusts reported by the trustee, which all have readily determinable fair values based on quoted market prices of identical or comparable securities. The underlying investments are not readily available to Northern Light Health and therefore this is considered to be a Level 3 investment.

Deferred Compensation Liability — The fair values of the deferred compensation liabilities are based on the related assets.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

Public Equity Funds — Consists of a highly diversified mix of publicly traded global equities. Common stocks, preferred stocks or other equity securities are typically utilized. This portfolio is composed of U.S., non-U.S., and global equity segments.

Public Debt Funds — Consists of a diversified mix of fixed income managers/mandates who may invest across multiple asset types such as: U.S. governmental bonds, investment grade and high yield corporate bonds, mortgage related bonds, non-U.S./emerging market bonds, etc.

Liability Hedging Funds — Consists of a mix of high quality, intermediate to long duration bond strategies including U.S. long corporate credit, U.S. long treasuries, U.S. strips, U.S. intermediate credit, U.S. intermediate treasuries, etc. The allocation is optimized to hedge a portion of the interest rate risk.

Large Cap U.S. Equity — Seeks to provide long-term growth of capital by investing primarily in large cap equity securities and to achieve above average results over a market cycle. Large cap (large capitalization) investments involve stocks of companies generally having a market capitalization between \$10 billion and \$200 billion.

Multi-Asset Funds — Seeks favorable returns and offers a convenient way to diversify a portfolio by combining funds and separate accounts investing in U.S. and non-U.S. stocks, bonds, global commodities, listed real estate, and infrastructure into one fund.

Hedge Funds — Seeks to offer investors low correlation to traditional assets, and aims to provide diversification, lower volatility, and higher risk-adjusted returns at the portfolio level. The fund's underlying managers represent a range of hedge fund strategies, which invest in global developed and emerging market equities, debt, and currency markets.

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

15. <u>Functional Expenses</u>

Northern Light Health is a community-based health system dedicated to improving the health of the residents of its region. The financial statements report certain expense categories that are attributable to more than one healthcare service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function, including depreciation, amortization, interest, and other occupancy costs, are allocated to a function based on square-footage or units-of-service basis. Allocated healthcare services costs not allocated on a units-of-service basis are otherwise allocated based on revenue. The following is a schedule by year of functional expenses (dollars in thousands):

			<u>2022</u>		
	Healthcare <u>Service</u>	Ad	dministrative <u>Support</u>		<u>Total</u>
Salary, payroll taxes, and fringe benefits Supplies and other Purchased services Provider taxes Depreciation and amortization Interest expense	\$ 1,014,451 434,708 393,750 37,720 54,283 19,178	\$	121,904 18,279 32,556 - 10,038 956	\$	1,136,355 452,987 426,306 37,720 64,321 20,134

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

16. Leases and Other Commitments

<u>Leases</u>

Northern Light Health leases certain equipment, warehouse, hospital, and office space subject to various agreements. Operating leases are primarily for real estate, including certain acute care facilities, off-campus outpatient facilities, medical office buildings, and corporate and other administrative offices. Real estate lease agreements typically have initial terms of five to ten years. These real estate leases may include one or more options to renew, with renewals that can extend the lease term from five to ten years. The exercise of lease renewal options is at Northern Light Health's sole discretion. When determining the lease term, options to extend or terminate the lease are included when it is reasonably certain that Northern Light Health will exercise that option.

The following table presents the lease-related assets and liabilities as of September 30, 2022 and 2021 (dollars in thousands):

Operating Leases	<u>2022</u>	<u>2021</u>
Right of use assets-operating leases	\$ <u>34,560</u>	\$ <u>37,371</u>
Operating lease liabilities, current Operating lease liabilities, long-term Total operating lease liabilities	\$ 5,877 30,456 \$ 36,333	\$ 5,581 33,640 \$ 39,221
Finance Leases Property and equipment Accumulated depreciation Property and equipment, net	\$ 12,211 (2,441) \$ 9,770	\$ 3,884 (906) \$ 2,978
Current maturities of long-term debt Long-term debt Total finance lease liabilities	\$ 2,097 8,030 \$ 10,127	\$ 738 2,555 \$ 3,293

The following tables presents certain information related to lease expense for the operating and financing leases as of September 30, 2022 and 2021:

Lease costs	2	022	
Finance lease cost: Amortization of right of use assets	Depreciation and amortization	\$	1,600
Interest on lease obligation	Interest expense		406
Operating lease cost: Total lease cost	Other operating costs	\$ <u></u>	17,565 19,571

Notes to Consolidated Financial Statements

Notes to Consolidated Financial Statements

September 30, 2022 and 2021

The following table summarizes supplemental statement of cash flow information related to leases for the years ended September 30, 2022 and 2021:

		<u>2022</u>		<u>2021</u>
Cash paid for amounts included in the measurement of lease liabilities: Operating cash flows - operating leases Financing cash flows - finance leases	\$ \$	7,057 1,558	\$ \$	4,989 304
Non-cash lease related items*: ROU assets obtained in exchange for new finance leases ROU assets obtained in exchange for new operating leases	\$ \$	8,392 4,169		3,347 44,211

^{*}Included in these amounts are the ROU assets recorded upon the adoption of the new lease accounting standard at October 1, 2020 (\$267 for finance lease right of use assets and \$35,334 for operating lease right of use assets).

In the ordinary course of business, Northern Light Health routinely lease equipment pursuant to new lease arrangements that will likely result in future lease and rental expense in excess of amounts indicated above.

Northern Light Health leases warehouse and office space from Penobscot Logistics Solutions, LLC, a related party. The building was sold in April, 2022 to an unrelated party. Total lease expense through April 30, 2022 was \$288,464.

Other Commitments

Northern Light Health has agreements through 2030 with its clinical and ERP systems vendors for remote hosting services, and a perpetual license agreement for clinical systems vendors. The payments provide for the maintenance and support for the licensed software and hardware.

The following is a schedule by year of annual payments under remote hosting agreements, perpetual license agreements and hardware agreements existing at September 30, 2022 (dollars in thousands):

Years Ending September 30:

2023	\$	17,381
