

myNorthernLightHealth PATIENT PORTAL

Site navigation

- The <u>Health Record</u> is where you will find information that one of our providers, or hospitals, may have on file for you or your family member including: medications, immunizations, allergies, lab results, and health conditions. In this area you have the ability to print your health information or request a medication renewal. Please note, at this time provider documentation regarding visits, and results for some tests (including HIV results) are not available.
- 2. <u>Messaging</u> should only be used for non-urgent communications with your provider or practice. Your messaging inbox is a secure place to exchange messages with your family's provider(s) or healthcare teams.
- 3. <u>Appointments</u> gives you the ability to view upcoming appointments, request non-urgent appointments, directly schedule certain appointments such as your flu shot, and cancel or reschedule an existing appointment that is more than 24 hours away.
- 4. Health Profile is a snapshot of your health information based on your last visit with your healthcare provider.
- 5. **<u>Results</u>** shows your most recent results including blood pressure, vital signs, oxygen saturation, and heart rate.
- 6. **Documents** contains information within your electronic medical record from visits with your provider(s).
- 7. <u>Medications</u> lists all medications that you are currently taking, based on your last visit with your provider.
- 8. **Procedures** lists any recent procedures you have had.
- 9. **Chart Summary** links to snapshots of your visits with providers, able to be filtered by date range.
- 10. **Renew** button, located within Medications, will allow you to request a prescription renewal. (You may need to click Medications to see the Renew button.)
